BUDGET ON MARCH 31; WILL IT BE BALANCED?

OTTAWA (UPI) — Finance Minister Fleming announced today he will bring down his 1960-61 budget Thursday night, March 31.

There has been considerable speculation that the 1960-61 budget will be a balanced one, the first of the Conservative government since it took office in 1957.

Cuba Downs U.S. Plane

MATANZAS, Cuba (UPI) — Cuban revolutionary troops shot down a Florida-based plane near Matanzas today and captured its wounded pilot and his co-plot, both Americans.

PEACE TALK

Premier Chou En-lai of Red China will arrive in New Delhi April 19 for talks with Prime Minister Nehru on the border dispute between India and Communist China, it was disclosed today. (AP wirephoto.)

The pilot, who was shot in the leg, identified himself as Louis Howard, 33, an automobile salesman from Miami.

His co-pilot was identified as Bill Chigalli, about 35, also believed to be from Miami.

The co-pilot at first refused to make any statement to his captors, demanding: "First I want to talk to Fidel Castro."

He was taken to Havana for questioning.

Howard was interviewed at the military hospital near Matanzas where he underwent surgery for the removal of two automatic-rifle bullets from his foot. He emphatically denied accusations that he was trying to smuggle out anti-Castro Cubans.

He said he was returning to Miami from a fishing trip when his compass went off. He said he was flying along the northern coast of Cuba in an attempt to get his bearings when Cuban troops opened fire.

Four Cubans including a former police official and an army officer were captured near where the plane came down.

A BLONDE, YET

Communist Spy Caught at UBC?

TORONTO (UPI)—The Telegram said today a 33-year-old blonde lecturer at the University of British Columbia is being deported from Canada as a Communist spy.

The newspaper said it had learned the woman, of Russian parentage, has previously been deported from Nationalist China, Japan and Brazil because of her espionage activities.

However, it said the immigration department would confirm only that she has been ordered deported because she doesn't meet Canadian qualifications for permanent residence.

In Ottawa, an immigration department spokesman said the woman involved was Miss Irene Rebrin. He said, however, that it was strict department policy not to reveal the reasons for deportation actions.

According to the newspaper, she has been given the option of "voluntary" departure and the department has set April 15 as the date when she must be out of the country.

Before moving to UBC where she teaches Russian in the department of Slavonic studies, she was employed in the library and taught Russian at the University of Toronto.

The woman was said to have been under RCMP surveillance almost from the time she entered Canada as a landed immigrant in 1958, the Telegram said.

It quoted reports as saying her parents were Russian traders on the Chinese mainland and she was schooled in Communism from early girlhood.

AT LONG LAST

Happy ending to the Queen Elizabeth bust controversy came today when city workmen raised the statue in its setting on north slope of Beacon Hill. Sculptress Peggy Walton Packard was late for the event and city council members were absent but workmen lined up the statue perfectly on its spot.—(Times Photo by Bill Halkett.)

Destroy A-Stockpiles First, Russians Urge

(Times News Services)

GENEVA — Russia refused today to outlaw outer space for military weapons unless the western powers eliminate their whole nuclear stockpile at the same time.

A Russian delegate to the 10-nation disarmament conference here also rejected a Western proposal for an immediate freeze on American and Soviet armed forces.

"It is a step backward, not a step forward," Soviet spokesman Alexie Roschin told a news conference.

The Soviet stand was disclosed after the West earlier had called on Russia to join it in banning nuclear rockets and scrapping existing nuclear warheads.

The United States will not pull its troops out of Europe until that and other vital stages in any east-west disarmament agreement are completed, with the West also stating that an international force will be needed to keep the peace even after both sides have cut their forces to police levels.

'Only Part of Whole Nuclear Problem'

In rejecting the Western proposal that outer space be declared off limits for weapons of destruction before any are built and shot beyond the earth's atmosphere, Roschin declared that "space is only part of the whole nuclear problem."

Roschin then repeated a Soviet offer made to the disarmament conferees this morning to begin disarmament with a full prohibition of nuclear weapons and the destruction of those now in existence.

Western delegation spokesmen said they did not consider the Soviet proposition to be significant because it still ignored the world arms audit the Western powers say must precede and the controls that must accompany any significant reductions of arsenals.

ON SMALL TESTS

Four-Year Moratorium Proposed

GENEVA (Reuters) Russia today proposed that East and West should voluntarily suspend small nuclear tests for a period of "from four to five years" while a foolproof method of detecting them is worked out.

Sources at the conference on banning nuclear tests said Soviet delegate Semyon Tsarapkin suggested the four-to-five-year "moratorium" on small tests to the United States and Britain.

The three delegations met to discuss Russia's acceptance Saturday of a phased ban on nuclear tests.

The Soviet proposal called for an immediate treaty outlawing all readily detectable tests.

'Not Worthwhile' Asking B.C. To Admit Tubercular Refugees

BY TOM GOULD

OTTAWA — British Columbia and Alberta have been ignored in the second phase of the program to bring tubercular refugees and their families to Canada.

The program was initiated as Canada's main contribution to world refugee year—an attempt to clear out the refugee camps in Europe that were established at the end of the Second World War.

B.C. and Alberta were invited to take part in the initial program, under which 100 tubercular refugees were brought to Canada.

B.C. did not answer the federal government's invitation for weeks. When newspapers reported his failure to reply, Premier Bennett said the number was too small and dashed off a letter calling for a federal-provincial conference on the question of refugees.

Alberta Premier Manning replied, but said his province was not prepared to contribute to the cost of the refugee program.

In view of the two western province's refusal to take part in the initial program, the federal government, it was learned today, did not bother to contact them when it was decided to extend the program.

A federal spokesman said "it is noteworthy that the two provinces with Social Credit governments declined to participate. We decided it wasn't worthwhile contacting them when it was decided to extend the program."

Seems thet now even outer space is a threat t' our inner peace.

12,000 Protest Identity Cards

JOHANNESBURG, South Africa (CP) — At least 50 persons were killed and 150 injured today as police battled thousands of Negroes in riots touched off by a Negro campaign against being required to carry identity cards.

A police official estimating the casualties in the day-long fighting said the figures of 50 dead and 150 injured were "the nearest they can make it at present."

An estimated 12,000 Negroes besieged a police station.

Officers inside opened fire with rifles and machine-guns. Eye-witnesses said the front ranks of the crowd went down like tenpins.

Brig. C. J. Els of the Witwatersrand police gave a casualty figure of 30 dead and 100 wounded—and said that was a conservative estimate.

One police officer described the scene: "A world war battlefield—bodies lay mangled and sprawled all around." A Johannesburg photographer commented: "I took pictures of more bloodshed than I have ever before seen in South Africa."

Prime Minister Hendrik Verwoerd told Parliament that 25 were killed and 50 were wounded at Sharpeville, 36 miles south of Johannesburg.

The barrage drove back the crowd, leaving dead and wounded in the streets. Police called in armored cars and jet fighter planes to break up the demonstration.

It was part of a national campaign billed as non-violent and aimed at abolition of the passes that all non-whites in South Africa must carry.

Opened Fire When Stones Flew

But violence erupted at Sharpeville, a native quarter near Vereeniging, which is 30 miles south of Johannesburg.

Two hours after the shooting, ambulances still were running back and forth to hospitals in Vereeniging. Hospital officials refused to disclose casualty information.

About 25 police were besieged inside the police station by the Negroes. When the Negroes began to stone the station, the police opened fire.

The rioting was part of the start of a Negro passive resistance campaign to tie up the country's commerce and industry.

Demonstrators in Johannesburg, Capetown and other cities marched to police stations without their passes and dared police to arrest them.

Drastic measures were taken in Vereeniging after tear gas failed to break up the crowd, enraged by the killing of one Negro leader and the wounding of at least four others. The mob had tossed stones and injured several policemen.

Then thousands of men and women, shouting the nationalist cry "Afrika," besieged Sharpeville police station. Sharpeville is a native location where thousands of Negroes live.

Jets Dive to Frighten Them Away

Jet aircraft screamed down in attempts to frighten away the Negroes. At nearby Bophelong, police made baton charges and used tear gas against demonstrators.

Police described the situation as tense and sent armored cars to patrol Negro townships.

The crowd had gathered at Sharpeville to be arrested for not carrying passes. It got out of hand and stoned an automobile carrying senior officials of the local African affairs department. Police were then called.

Mobs stoned police cars at Bophelong. Two Negroes were wounded when police opened fire. Several police were hurt.

The pass campaign, proclaimed by the Pan-African Congress, failed to slow business and transport.

Congress President Robert Mangaliso Sobukwe had called on all Negroes to leave their compulsory passes at home, invite arrest and thus clog courts and jails and stop business. The idea is to prove that local business and industry cannot operate without low-cost Negro labor.

Police Ignore Plea for Arrest

But Sobukwe himself was ignored by authorities when he marched into Orlando township police station outside Johannesburg with 30 supporters. The incident had its comic opera aspects. Sobukwe went from office to office at the police station pleading to be arrested.

The police chief made him wait outside for hours. Sobukwe said if they refused to arrest him today he would return Tuesday.

By law, all non-whites must carry passes when away from home as part of South Africa's strict racial segregation laws.

The Pan-Africanist congress is a militant offshoot of the African National Congress of South Africa. National congress leaders said the pass campaign was not properly organized and had little chance of success. They refused to support it.

POISONED ARROWS IN NIGERIA

LAGOS (UPI) — Natives armed wtih bows and poisoned-tipped arrows clashed with police at the village of Obi, the Northern Nigerian government said today.

Unconfirmed reports from the area, which is some 400 miles northeast of here, said that eight persons were killed when riot police opened fire at mobs that formed in the wake of tax riots which began last week.

A press statement issued by the Northern Nigerian information service said a police squad was surrounded by a crowd of 500 men armed with bows and arrows.

The statement said the rioters refused to lay down their arms and disperse. And the police then were forced to open fire, "and a few casualties were inflicted on the rioters."

PEAK TONIGHT

Floods Still Rise In Florida

TAMPA, Fla. (AP) — The Hillsborough River inched toward its highest crest today in a flood which brought hardship to thousands and caused millions of dollars in property damage.

Disaster officials expected the river to reach its peak of three feet above flood-stage by nightfall at a dam five miles north of Tampa. Homes have been flooded both above and below the dam for two days.

Water started receding in the fashionable Forest Hills section four miles west of the river after a twice patched-up levee withstood pressure from a swollen lake.

Sheriff Ed Blackburn estimated that more than 7,000 persons evacuated homes in the area from Thursday to early today.

Added to the Tampa total for central Florida's worst flood in years was the Red Cross report that high water affected 4,000 residents in seven other counties. Three deaths have been attributed to the flood.

A three-day storm last week caused the flood. Rainfall totalled 25 inches at one point 30 miles north of Tampa.

HOPES ARE NOT HIGH

'POLITICAL PAYOLA' NO INCOME TAX EXCUSE

OTTAWA (CP) — An architect who tried to charge up political payoffs against his income tax has lost out in a case decided by the income tax appeal board.

The architect, whose name was not mentioned in the board decision but who appeared to be a resident of Quebec province, had concealed payments which he said he made to get contracts for "schools, churches and all sorts of things."

Board member Maurice Boisvert said he undoubtedly was guilty of fraud in knocking off from his declared income amounts which he had paid in order to get contracts.

TAIPEI, Formosa — At the suggestion of a fortune teller, a man living near the south Formosa port of Kaohsiung has become formally engaged to a girl who died 19 years ago, Chinese newspapers reported. They tell this story:

The man, identified only as Mr. Li, consulted the fortune teller after doctors had failed to cure him of a long illness. The fortune teller advised him to marry the eldest daughter of a man named Sung Shui-Chih. She died at the age of three.

"She is dead all right," the fortune teller said. "But the marriage will restore your health."

Li obtained Sung's consent to the marriage and on Friday presented him with two gold rings, two cartons of cigarets and the equivalent of $30 in cash as a betrothal gift.

The fortune teller promised to pick an auspicious date for the wedding, which will be carried out symbolically, with possibly a hen representing the long-dead bride.

KINGSTON, Jamaica — Thieves stole police chief Lawrence Browning's automobile Sunday, refuelled it at a nearby filling station, and used it as a getaway car for a burglary in a village 60 miles away. They escaped with about £500 worth of goods and abandoned the chief's car about four miles from his home.

The galling thing for the cop in the village is that he spotted the car, saluted and was saluted in return.

LOS ANGELES — Dieting and rest is the program for red-haired Carole Tregoff during her days of freedom awaiting her second murder trial May 23 with Dr. R. Bernard Finch.

Carole, weighing 20 pounds more when she left jail on $25,000 bail Friday after 162 days incarceration, is getting help from her stepmother in her campaign against the added poundage.

"We'll be buying no new clothes," said Mrs. Gladys Tregoff. "We're going to make the girl fit the clothes, not visa versa.

"We are going on a diet—and that means me, too."

FLINT, Mich.—A Flint lumber company Saturday offered one-time television quiz show winner Teddy Nadler a $150-a-week public relations job.

Company president Robert Tremaine said he wanted the unemployed memory expert to work as a customer contact man.

Nadler, a former U.S. government clerk, piled up $264,000 in quiz show winnings, but flunked an examination when he applied for a job as a census taker this week. He apparently has little left to show for his big TV winnings.

LONDON—Jack Paar, well-known figure to TV night owls in the United States, went British Saturday. But the blokes here haven't much notion just who he is.

Three hours after arriving in Britain for the first time, Paar was seen strolling down St. James' Street past one of London's stuffiest clubs. He wore a bowler hat and carried a tightly-rolled umbrella.

Then, satisfied that England is really true, he went to sleep, all afternoon and evening.

Paar flew into London airport early Saturday morning for a 10-day visit. He plans to film five of his shows from a London studio, but only for American screening.

"Paar, Paar" . . . muttered a passport official at the airport, noting the VIP treatment for the new arrival. "Weren't you a boxer some years back?"

U.S. Navy Probes Crash Of Destroyer

NORFOLK, Va. (AP)—The navy today sought the reason for a collision in which a Swedish freighter rammed a United States destroyer escort and almost tore her in two.

Two reservist crew members of the destroyer escort Darby died and another was seriously injured when the prow of the Soya-Atlantic knifed in to the starboard side of the naval vessel Saturday at the mouth of Chesapeake Bay.

The weather was clear and the captain of the Darby was reported on the bridge at the time of the collision.

When it was over, all that connected the Darby's forward and after sections was about 10 feet of steel. A 25-foot gash extended three-quarters of the way across her decks and all the way down to her keel.

SPEED LIMIT ON ELECTRA AIRLINERS

Turbulence Crash Cause?

TELL CITY, Ind. (UPI) — Federal investigators appeared today to be leaning toward the theory that severe air turbulence caused the crash of a Northwest Airlines passenger plane which killed 63 persons.

The Federal Aviation Agency in Washington, D.C., Sunday night imposed emergency speed limits on turboprop Electra airliners like the one which crashed near here Thursday.

The FAA said the order limiting the planes to speed of about 315 miles an hour at altitudes below 15,000 feet was prompted by the "intitial investigation" of the Tell City disaster.

The action indicated investigators suspect a severe air disturbance over Southern Indiana coupled with structural failure doomed the Chicago-to-Miami flight.

Ormsby-Gore asked Zorin to amplify the Soviet plan's control provisions, which the Western powers have criticized as too vague.

The principle of inspection flights and aerial photography should be an essential part of the any disarmament control system, Ormsby-Gore said.

Zorin replied he was willing to explain the details of the plan farther at a subsequent session. He said he agreed that the conference should now begin the detailed consideration of concrete disarmament measures, and added:

"I hope we can do this together."

An American delegation spokesman said Zorin showed "*some interest*" in the various questions of detail asked by Ormsby-Gore.

"The Soviet delegate spoke with moderation, and did not answer by slamming any door," the spokesman added.

Earlier, former Italian deputy foreign minister Gaetano Martino said only a strong international police force could free mankind from the scourge of war.

British Minister of State David Ormsby-Gore said today any world-wide disarmament treaty should provide for inspection flights and aerial photography over all participating states.

Ormsby-Gore said the Soviet Union accepted aerial inspection during the London disarmament talks before they collapsed in 1957.

However, *aerial inspection* was excluded from the Soviet *four-year total disarmament* plan, he noted.

Ormsby-Gore noted that various Soviet proposals put forward at the London conference were more detailed than the total disarmament plan, first outlined to the United Nations General Assembly by Soviet Premier Nikita S. Khrushchev last September.

Disarmament alone is not enough to prevent the big powers from imposing their will on the small powers, Martino told the fifth session of the conference.

Martino, leader of the Italian delegation, replied on behalf of the five-nation Western group to a series of questions asked by the Soviet bloc last week on details of the Western disarmament plan.

ARMS BAN NOT ENOUGH

He told the conference that it would be an illusion to think that the mere abolition of arms would automatically remove the danger of war.

Wars have existed since primitive times, he said, and only a strong international police force can guarantee respect for world order.

Without such a force, Martino said, the danger would always remain that the big powers would seek to impose their will on the small powers, because any disarmament treaty would always leave the big powers a larger residue of forces ostensibly requited for the maintenance of internal security.

The Western powers informed the Soviet Union through Martino that their overseas bases will remain until such time as a controlled world-wide reduction of arms and men make such installations superfluous.

Speaking for the western five, Martino thus served notice that the free world's defences in Western Europe and elsewhere will only be scaled *down in conjunction with a* corresponding massive reduction in the military might of the Communist world.

'B.C. Sugar Monopoly'

WINNIPEG (CP) — Two British Columbia sugar companies have achieved a monopoly position in Western Canada, and now control every sugar refinery and factory west of Toronto, F. O. Meighen, prosecutor for the federal department of justice, said in Court of Queen's Bench today.

Charged in the formation of a combine under the Combines Investigation Act are: B.C. Sugar Refinery Limited, and British Columbia Sugar Refining Company, Limited. B.C. Sugar Refinery Limited is a holding company which owns the other accused company. Both companies pleaded not guilty as the trial opened today.

Canada Hits the Ceiling At U.S. A-Blast Remarks

By VICTOR MACKIE
Times Ottawa Bureau

OTTAWA — There were *angry reactions within government* circles today over the announcement that the U.S. Atomic Energy Commission is preparing to set off an underground atomic explosion in the Athabaska tar sands of Alberta next year.

The Canadian cabinet has not given approval to the atomic blast.

In addition Foreign Affairs Minister Green has declared that the Canadian government is opposed to the West carrying out any nuclear test explosions even for peaceful purposes until an international agreement has been worked out.

Last week Prime Minister Diefenbaker said serious consideration should be given to the suggestion that such atomic explosions as one in the Athabaska tar sands and the proposed U.S. atomic explosion in New Mexico, should be carried out under international supervision.

PRESUMPTIOUS

Canadian government officials expressed surprise and anger today that U.S. Atomic Energy Commissioner John F. Flobert should be so presumptious as to announce plans to fire off a nuclear blast in Canada when the plan has not yet been approved by the cabinet.

Mr. Flobert said in an interview that the blast would be set off by the AEC and paid for by Richfield Oil Corporation of Los Angeles.

The object of the explosion is *to separate petroleum from* the sands. No completely eco*nomical process for doing this* has yet been found.

Mr. Flobert said the explosion will take place 54 miles southeast of Fort McMurray in the northeastern part of the province.

The three-power atomic test ban negotiations at Geneva will have no effect on the Athabaska plans nor on a peaceful atomic blast to take place in a New Mexico salt mine next fall, he said.

Boy Anglers Hooked Into Stolen Radios

Part of a robber's loot of 34 transistor radios stolen March 6 from Butler Brothers' Supplies Ltd. store at 707 View was dredged out of mud at a Saanichton ferry wharf Saturday night.

Police, aided by skindivers, recovered 14 of the radios—all ruined by their immersion in salt water.

City detectives were called by Saanich police, who were notified by Central Saanich police when James Island ferry skipper Walter E. Sidwell noticed Indian youths fishing radios from the water at his dock about 5.45 p.m.

The radios lay in 15-20 feet of water. Divers James Quayle, 21, and David, 12, his brother, went in at 9 p.m. aided by police spotlights.

More than $1,000 in cash and cheques, plus 20 other radios taken from Butler Brother's store are still unaccounted for, police said.

William Cunningham, Belmont Park, $25 and $5.50 costs for failing to yield half the highway to another vehicle.

James Moore, 202 Baillie, $25 and $3 costs for careless driving.

Psycopath Tied Women Together

OTTAWA, Ill. (AP)—Crime laboratory officials said today that two of the three socially-prominent women beaten to death in Starved Rock State Park a week ago apparently were bound together by a psychopathic killer.

The disclosure came in a report by the state bureau of identification and investigation after a top-level conference of law enforcement officials.

Earlier police said they were hunting for a young man reported to have been seen talking to the three women last Monday shortly before they were killed.

State attorney Harland Warren, who met with state police superintendent William Morris, Sheriff Ray Eutsey and their aides, said the act of binding one's victims together points to a certain type of psychopath. He would not elaborate.

The Short-Sighted Policy

CANADA WILL NOT TRY TO extend the list of goods on which "voluntary" export quotas are placed by Japan, according to Ottawa dispatches. But the length of the 1960 negotiations with Japanese representatives indicates that our neighbor across the Pacific is less than satisfied with existing trade arrangements and would like a better balance in our exchange of goods.

Far from the Ottawa Government taking credit for not increasing the restricted list, it should be seeking to abolish it and encourage more Japanese imports. For in restricting imports it is indirectly restricting the Canadian exports which Japan would buy with the dollars gained through its sales.

This fact of economic life is understood by the Japanese. Although the Japanese Government has maintained a diplomatic politeness on the imbalance of Canadian-Japanese trade and Mr. Diefenbaker's efforts to maintain it, Tokyo businessmen are becoming more outspoken.

The President of the Japan-Canada Trade Council, Mr. Yasaburo Ito, for instance, last week urged that "Canada buy more from Japan so that Japan can buy more from Canada."

His words are of particular interest to prairie wheat farmers and to industries in British Columbia. Japan is Canada's third largest overall customer and our second largest for wheat. Our exports could be greatly expanded if Japan had more dollars with which to buy, yet we discourage the import of Japanese goods through tariffs and "voluntary" quotas.

While Japanese exporters have benefited through the quotas to the extent that Ottawa has refrained from imposing prohibitive tariffs, there is growing dissatisfaction among that country's businessmen.

As Mr. Ito notes, the Japanese Government was "far too conservative" in setting the quotas. Tokyo exporters feel that much large quantities of Japanese goods could be absorbed in the Canadian market without injury to Canadian producers. Particularly concerned are textiles, plywood and stainless steel flatware.

Secondly, Mr. Ito says that temporary over-supplies of Japanese goods in Canada are found because a whole year's quota may reach Canada in one or two shipments. Some lines of goods are quickly bought up and then must be discontinued by Canadian retailers.

Mr. Diefenbaker apparently has been impressed enough by the mounting Japanese protests to defer extension of the quota list. But this is a negative advance. He is still deliberately curtailing the supply of dollars with which Japan can buy from us—and an increasing number of Canadians are beginning to realize that such a policy hampers the efforts of many Canadian producers and manufacturers in favor of a limited number of businessmen who seek the protection of Government intervention in trade.

The real victim of trade restriction, of course, is the Canadian consumer, who is denied a share of the variety and economical buying which Japanese goods could provide. Equally obviously, the money he saved in this way would be spent on Canadian goods.

When the Need Arises

THE QUESTION OF THE USE of firearms by local police is not an easy one to settle. Obviously there is danger to innocent bystanders when bullets are fired down an urban street, and much is made of this point by those who would ban almost all shooting by police. But is this the whole answer?

We have a local situation in which apparently a number of hoodlums have come here from Vancouver in hopes of profitable robberies in "sleepy little Victoria." Within a matter of a few days there have been half a dozen major attempts at safe-cracking.

This certainly is a special onslaught which requires special measures. The prospect of a rough reception with hot lead is one of the best forms of deterrent, and few critics of the recent shooting incident could argue that it may not have been effective in dampening the enthusiasm of would-be desperados here.

It is not fair to speak of a "hail of bullets," a "fusillade," "indiscriminate firing," and such terms in referring to a few shots fired under special circumstances by a trained marksman. City police are issued with firearms and when in the good judgment of the policeman the use of a gun is needed to carry out his duty, he should not be rewarded with cries of alarm and indignation.

When one's own life or property is threatened the presence of an armed policeman would be welcomed. Even better is a situation in which previous well-publicized resort to gunfire has removed the threat by warning marauders permanently away.

Semantics of Suffering

THE TORONTO STAR AND THE Toronto Globe and Mail are now engaged in a newspaper feud centred about Mr. Diefenbaker's pre-election pledges and post-election performance on unemployment and the suffering it causes.

This, if nothing more, is an engaging lesson in semantics for the rest of the nation.

Recently The Star published an unkind cartoon picturing one of the unemployed picketing Mr. Diefenbaker's office. The picket carried a placard depicting a larger than life-size Mr. Diefenbaker under a slogan: "When I am in power no one will suffer from unemployment." "Vote for Diefenbaker."

This, says the Globe and Mail, is distinctly unfair. Mr. Diefenbaker, it adds, never used those words. The newspaper cites his actual statements.

Prince Albert, February, 1958: "No man or woman will suffer unnecessarily from unemployment in Canada as long as they can be helped by public works."

Montreal, February, 1958: "I want you to know everything that can be done will be done, without regard to limit, so that no one who is unemployed will have to suffer unduly."

Chatham, March, 1958: "I know what unemployment is . . . As long as I am in power, no person is going to suffer because of inaction of the Government."

The Globe and Mail argues that what Mr. Diefenbaker said, "in half a dozen different ways, was that when he was in power, no one would suffer as a result of being unemployed." The operative word is "suffer."

That may have prompted Mr. John Pickersgill to paraphrase the famous Mackenzie King statement on conscription with: "Suffering if necessary, but not necessarily suffering."

Canadians, noting that unemployment benefits have been extended, will nevertheless hesitate to consider the allowances for the jobless to be the equivalent of holidays with pay.

Standing Room Only

IT'S A LONG TIME SINCE ANYone told the story of the English lady who limited her family to five children because she had heard that every sixth child born in the world was Chinese.

According to population trends, the figures are as far out of date as the story. A study made under United Nations auspices suggests that within the foreseeable future one-half the people in the world—a prospective 2,268 million—will be living on one-sixth of its land surface.

They will inhabit South, Southeast, and East Asia and adjoining islands, where population is now 70 persons per square kilometer, or about eight times as dense as it is in North America, Latin America and the Soviet Union.

The fecund lands of the Orient, according to informed estimate, could almost double their populations in the next 20 years as modern practice reduces the death rate in these countries of previous high mortality.

IT'S THAT SEASON AGAIN

By B. A. TOBIN

But We've Had It All Along

SO it's spring. In its second day today, but still fairly fresh. Of course, in this locality, it was a technical KO for winter. Regardless of what the calendar said, we've had spring here for weeks—you might say months. I cut my lawn a month ago. I had to prune last year's growth off the rose bushes before the approved time because this year's growth was sprouting. Pussywillows? Green buds? Robins? Pshaw, these are commonplace. I had forgotten all about daffodils until a visitor from eastern Canada exclaimed over them. But shucks, twarn't nothin'. Just our natural due.

Tobin

So why get excited about spring? I suppose it's all a matter of age. Springs used to be individual. Each one stood separate and distinct. In fact, each spring was the very first spring of them all. The only one of its kind. You couldn't remember the last one and the next one was non-existent. So this was it.

The Forerunners

People reported the first green sprig of this or that. The first robin was pointed out and admired. The quality of the air was discussed and declared intoxicating. Coats were discarded, mufflers came off. Trousered legs appeared after a few months of striding behind the topcoat's screen. There was a new sense of freedom and release. It was a new world.

Well, those stage effects are still present to a great extent. But there have been so many rehearsals that the play is almost an anti-climax.

Coats off? Why, there was that afternoon way back in January when you spent two hours in shirtsleeves working around the garden. And several weekends in February when you were glad to throw off your jacket when you were sawing up a log.

And there seem to have been buds popping open here and there ever since last fall. Birds have been passing through here all winter; what's new with a robin?

Acclimatized

All winter there have been occasional "springlike days" that gave a foretaste of the season—a preview of the picture to come which revealed some of its best parts and so diminished the final effect.

Perhaps we lose something through that. There are places where the spring arrives like Relief Expedition No. 1 to rescue a beleaguered garrison. That's when you can really appreciate it. The buds bud, the birds chirp, the poets compose and the whole world seems to go into a gallop.

I remember a spring in Halifax. The Atlantic seems to save up some of its worst weather to dump on the Maritimes just before spring. It snows, the wind howls in off the grey waters, everything is frozen. It's like the middle of winter.

Then overnight, in a way we cannot realize here, the whole thing changes.

It's not a gentle spring—it's a rough, moody season. The whole country drips, runs and swooshes. The slush is ankle deep, the gutters pour, the mud comes through the dwindling snow, the wind still skitters around corners.

But the air has changed. There's no mistaking it. It has a new feel, a new meaning; it's fresh instead of frigid. And you can smile as the slush soaks through your shoes, knowing it won't be long now.

Change-Over

The Prairies can show an even more abrupt switch. From the good dry cold which is their special product, and which they are welcome to keep in its entirety for local consumption, the country can plunge within a matter of hours into balmy airs and trickling streams.

The red gumbo seems to leap through the melting snow, presenting a soft yielding mush of clay which will cover your shoe—and even remove it—with a loving caress.

The ashes and sand which have been scattered on pavements during the winter months to provide a footing for slithering citizens are uncovered. They dry out, lift in the spring breezes, and blow sportingly into the faces of those who have trodden them underfoot for so long.

Attractive View

But even viewed with one eye — there's a cinder in the other — spring looks good on the Prairies.

The essence of the enjoyment is the change. There is a real and immediate sense of shifting from one season to another, a grateful relinquishment of the winter of which you had grown tired and a ready acceptance of the softer pleasures ahead.

We miss that here, except in a very modified degree. Perhaps the chief harbinger in this area is the lengthening of the evenings, the gradual approach to supper-without-the-lights by which so many families measure the solstice. It's a happy coincidence that along with the extra daylight goes a host of new things to look at.

LESS SIMPLE

In its earliest forms, mathematics, like much present-day statistics, was just for counting or for simple addition and subtraction . . . But now mathematics goes far beyond this, and seeks to explain one set of facts in terms of another, as, for example, the lifting power of an aircraft wing in terms of its shape; or the heat generated in an electric fire in terms of its resistance and the voltage of the supply.

PROOF OF GOOD FAITH

A Million Screwdrivers

The Guardian, Manchester

ONLY a screwdriver can detect an atomic bomb concealed in a crate, and only a million screwdrivers wielded by an army of men could ever make sure that a country even as small as Britain had dismantled its nuclear weapons. This is what makes the disarmament proposals at Geneva seem unreal.

The conference of ten nations has gone off to a good start, and undoubtedly the Western plan is the best ever put forward. Consequently to be critical is to be out of harmony with the general rejoicing. There ought, anyway, to be no stinting the satisfaction that progress is being made—the more because human life without disarmament is becoming too dangerous to endure.

But the nagging doubt remains. The Western powers propose the institution of controls and the reduction of arms, nuclear and other, by stages.

The Russians seem less at loggerheads with them and more accommodating than ever before (in spite of tough opening speeches). Yet nobody has suggested any practical way of discovering whether stocks of nuclear weapons have truly been dismantled.

No Solution

Mr. Khrushchev, it is true, has admitted that the difficulty exists and has spoken of the risk of "clandestine" manufacture of atomic and hydrogen weapons, beyond the reach of international control. How the difficulty is to be overcome he has not said.

The discomforting impression is left—equally by the Russian and the Western proposals—that both sides continue to stage an elaborately false play. Each wants to pretend before world opinion that it is doing everything possible to secure disarmament. Neither believes that it can really be brought about. So, although each might be glad enough to see an easing of the arms burden, an element of hypocrisy creeps in.

The effect is to be seen in, for example, the care with which in 1955 the Russians excluded the possibility of inspection of their factories. They made a great impression then, in their May 10 proposals, by taking up the Western figures for levels of forces and by agreeing to postpone nuclear disarmament until their dominance in conventional forces had been diminished.

They had apparently demolished the twin pillars of their own previous position and adopted the essentials of the Western plan.

But on the inspection of particular factories they remained evasive: for, as we now know, they were at that time retooling their factories for series production of ballistic missiles on a scale unsuspected in the West.

The West, no less, has been evasive so far in refusing to accept the Russian proposals of 1956, 1957 and 1959 for aerial inspection of parts of Europe and for ground inspection in limited areas in Germany or Central Europe.

Aerial inspection—or "open skies"—was once a favorite of the West, and there is no apparently valid reason for refusing it in Europe.

Again, even in the latest Western proposals there is an odd vagueness about the new idea of an international force, to be introduced at the second stage and strengthened at the third. Is it to have nuclear weapons or not, and who is to control it?

As a notion its propagandist effect may be excellent, and it may have been put forward with complete sincerity, but one is left with a suspicion of slack planning.

In the morass of doubts there are three rocks of reasonable certainty.

First, both sides, if sincere, can find starting-points for co-operation—and co-operation helps to create trust, without which practical disarmament cannot come. An ending of nuclear tests is one obvious starting point, and we must hope that the Summit meeting will sweep away the remaining obstacles to it. They appear increasingly artificial. Another starting-point would be to create experimental zones of inspection in Europe. Both sides would gain in safety through knowing the other's military dispositions in the area.

The second certainty is that unless the spreading of nuclear weapons is stopped the hope of any effective disarmament will disapepar. An army of screwdrivers would be needed even now to check the dismantling of nuclear weapons in the hands only of the Americans, Russians, British and French. If further nations manufacture their own bombs or nuclear missiles, or if any of the existing nuclear nations supplies such weapons to others, no chance whatever of credible control will exist.

It is still conceivable that, through checking on the training of troops and the inventories of fissile materials, some means of control over the Americans, Russians, British, and French might be found. When the weapons are spread widely, no hope will be left.

Immediate Pledge

At Geneva, therefore, the nuclear nations ought to give an immediate pledge that they will not release stocks of nuclear weapons to other nations—and, correspondingly, they should ask that at the next United Nations Assembly as many nations as possible pledge themselves never to accept nuclear weapons. The Western plan is weak in making no proposal on these lines. This is a practicable step, whatever else may or may not be agreed.

The third certainty is that trust would be further created in every one of the existing nuclear powers promised never to be the first to use nuclear weapons. With the growth of conventional forces in Western Europe there is no longer any good reason for withholding that promise. It ought to be given at once.

British Policy---No Details

By FRANCIS BOYD From London

LORD HAILSHAM, who is Lord Privy Seal and Minister for Science, invited the members of the House of Lords to approve the government's defence policy last week in a speech which illustrated the paradox that the more governments proclaim the need for disarmament if mankind is to survive, the more money they spend on arms. Lord Hailsham's speech has had a mixed reception.

He began it with some general observations on the horrors of modern weapons; he ended it with a general vindication of the government's defence policy; and he omitted all the details which those peers who are interested in the technicalities of defence wanted to hear about.

Indeed, Lord Alexander of Hillsborough, leader of the Labor peers and a former minister of defence, accused Lord Hailsham of dodging the details because they were difficult to defend; and Lord Teynham, a Conservative peer, said that in spite of what Lord Hailsham had said "in his philosophical oration . . . most of us are incapable of evaluating a policy of defence because we are in possession of too little information."

Some of those who heard Lord Hailsham's speech interpreted it as an advance towards open support for the conception of world government, and a Conservative paper last Sunday commented acidly that if this interpretation were correct then Lord Hailsham was describing "a concept so far beyond the horizon as to be useless as a guide to the nations' current task—to take immediate and effective measures for stopping the arms race."

It may be that Lord Hailsham, as minister for Science, has learnt facts about modern warfare from which he, as a humanist, recoils, but he did not on that account abate in the slightest his support for the government's policy.

Nevertheless he said some notable things. He pointed out that while nuclear weapons had properly been described as "the deterrent" when they had been possessed by one side only, the phrase now meant "the possession by both sides of weapons so horrible and effective that we hope neither will dare to use them at all."

The only significant prayer today in international affairs was the prayer for peace, and since 1945 the prayer in the National Anthem, "Send her victorious," had become meaningless.

"We cannot contract out of a world war. We cannot incur a world war without disaster. And I would say that owing to fall-out we could not remain effectively neutral without appalling casualties, even if this were otherwise possible—which it is not."

FROM WASHINGTON

By WALTER LIPPMANN

Better a Little Than Nil

THE time cannot now be far off when the leaders in both parties and in both Houses of Congress must bring the civil rights controversy to a decision and a conclusion. The recent filibuster in the Senate and the snafu in the House are causing a degeneration of the debate. The moderates are being pushed aside by the extremists, rational men by the fanatics. If this goes on, the consequences may well be tragic. For if it turns out that Congress is impotent, is unable to make any substantial and significant move to protect the constitutional rights of the Negroes in the South, we shall see an increasing mass movement of resistance. We are already seeing the beginnings of such a movement.

Lippmann

Political Process

Surely, it must be our intention to deal with the problem of race relations through the political process, through the courts, and by the education of public opinion. Surely, it must be our hope that the problem of race relations will not be turned on to the streets and be trampled by scuffling mobs.

Yet if Congress makes a spectacular demonstration that it is impotent to do anything about the grievances of the Negroes, we shall be lucky if the worst that follows is only passive resistance.

For let us remember that passive resistance does not work passively everywhere. It worked well in India. But passive resistance is not easily compatible with the violence and the impatience which lie so close to the surface in American life.

In order to bring the matter to a decision, after a serious, not an artificial debate, the Democrats and the Republicans ought to do what Sen. Lyndon Johnson has wanted to do from the beginning. They should agree on a bill which deals solely, but sincerely and effectively with the right to vote.

Civil Rights

To be sure, there are other civil rights beside the right to vote but there is none so fundamental or so important or so clearly beyond open challenge.

The Northern Senators and Congressmen have, it seems to me, greatly underrated the historic significance of a bill which is designed to bring about the enfranchisement of qualified Negroes. To my thinking the effort to do this seems so significant that I find it hard to believe that it will not take a very long time indeed before a law to enfranchise the Negroes becomes generally effective.

Instead, therefore, of complicating matters by preparing a package containing other civil rights, our main preoccupation should be to get the most effective voting bill that can be passed in the Senate now.

The most effective bill will be one which commands a very large majority including some Southerners who think as does Sen. Johnson.

A WOMAN'S OUTLOOK

By RUTH ENKE

Column Cake

Ruth

I AM writing on a corner of the kitchen table, and I must say that my mind is not entirely on what I'm doing. Most of it is *on the cake that's baking in the oven.* And I must not let it burn again this morning. If I do, I know there'll be disgruntled cries of: "Not another Column Cake today!"

But perhaps I should explain how Column Cake got its name.

You see, though I'm a slapdash housewife in many ways, I do make a cake every morning of my life. Because I seldom measure anything, the cake is slightly different each time I make it. But it's always made in a 12 by 8 pan and, officially, it's only different because I vary the recipe with chocolate chips, raisins, mixed peel, or flavoring of one kind or another.

But I do try to have a system in my work because, so all the magazine writers tell me, a system is essential to success. (They may be right, but, so far, no magazine writer has told me what to do when something upsets the system!)

* * *

On column-writing days the system is meant to go like this: Do the breakfast dishes, make the beds, fetch the mail, mix the cake, put it in the oven, start the automatic washer, sit down at the kitchen table and write a column.

In theory, the washer should howl half way through the column, the cake should be finished a few minutes later, the column should be done soon after I've taken the cake from the oven, the washing should be hung out, and then the column should be typed and put on the kitchen windowsill as the first step toward taking it down to the city editor's house.

On normal days, that is what happens.

But on days when the column subject is difficult, or when I get too absorbed in what I'm writing, I'm apt to forget the cake for an hour or more.

The worst day, I think, was about five and one-half years ago when I was still fairly new to this column job. That day, I forgot the cake completely.

It was finally rescued by my husband, and by that time, naturally, it was solid charcoal.

"Column Cake," said my husband, and thought it would be a fine joke to take it down to the office with a little note "You get a column, but look what we get!"

* * *

I managed to persuade him that that idea was silly, but, unfortunately, the name survived.

Nowadays, whenever a cake is burned—and sometimes, perhaps, I do get them a little brown—I hear family mutterings about "Column Cake again today."

Even a friend's little boy has begun to show signs of caution.

"Hello there," I said to him when he turned up one morning. "Would you like a slice of cake to help you hold out till lunchtime?"

He hesitated for a moment. Then, cautiously, he said, "Well, is it VERY Column Cake today?"

Whenever that little human garbage pail turns from a Column Cake, there is no hope for it at all!

LONDON LETTER

Stones Didn't Roll

Reyburn

LONDON—Names in the news . . . Bernard Braden and Barbara Kelly: The people who make up the big following these two have, as performers, in this country were genuinely unhappy to learn of their highly publicized new TV series dying at birth.

Not only is it a hurt to one's pride to have a show cancelled so close to the kickoff that the printers couldn't be told in time to scrap the scheduled announcements in the next two issues of the TV Times, the magazine that gives the weekly program listings.

(Such is the public popularity of the Bradens that one London paper gave the story its front page banner headline.)

Bad enough that the network should decide that the series was not of high enough quality before the viewers had even had a chance to see it, but their supporters knew that this was to be the Bradens' big chance to get out of the bad patch they've been going through lately.

Rolling Stones, the exploits of a Canadian family in Europe, was hoped to be the show that would give them more than the sporadic work they've had in the last year or two.

Many feel that the latest development—Braden in Vancouver trying, among other things, to get columnist Eric Nicol to write scripts for him—has the hint of desperation about it. As one paper put it: "Badly, so badly, Braden needs the material that brought him his first full flush of fame."

It was Eric Nicol, at that time living in England, who a decade ago wrote the radio comedy scripts that established Braden wtih folks here. Some have the feeling that attempting to revive that association smacks of the title of that Thomas Wolfe book—You Can't Go Home Again.

Gyro Club Still In 'Bunker' On Contest Site

The annual Gyro Club "Hole-In-One" contest, evicted from its usual site at Central Junior High School, probably will get a "no vacancy" answer from the city too.

City parks committee Friday recommended that council allow the club to put its golf and carnival in Royal Athletic Park Aug. 3-6 on two conditions: no illegal activities and payment of a $300 rental charge.

The same "nothing illegal" prohibition forced the club to pull out of the high school site when the attorney-general's department this year warned the school board that games of chance are illegal. The Hole-in-One show includes bingo, crown and anchor and other gambling attractions.

City council, if it approves setting a precedent in allowing a midway into the sports park, still will have to decide whether or not games of chance are to be allowed.

WASHINGTON (AP) — President Eisenhower has formally accepted an invitation to visit Lisbon, Portugal, on his way from the May summit conference in Paris.

VMD Wins $750,000 Contract

Victoria Machinery Depot Ltd. has been awarded a $750,000 contract to build equipment for a gas processing plant at Rimby, Alta.

Contract was won in competition with industrial plants in both Eastern and Western Canada.

VMD will build six 100-ton pressure vessels and 34 heat exchangers for the Alberta plant.

The contract came at a time when VMD was down to rock-bottom as far as shipyard work is concerned.

Only new ship construction in hand is the hull of a destroyer escort at the Outer Wharf plant.

The new job is expected to take about eight months, providing work for 60 employees. VMD's present work force is down to 450.

HOME GARDEN

By HILDA BEASTALL

Ancient Plant Still Dazzling

Hilda

A plant introduced to gardens almost 200 years ago, and still seldom seen, tigridia pavonia will be the most strikingly dazzling thing you can grow and flower on short notice.

There are some of the fleshy roots (almost a cross between a tuber and a corm) available at a plant store in the city. If put into pots of rich soil and started to root in the house they may be transferred to the garden by about May 1.

The flowers are gorgeously colored without any exaggeration, and their three large, wide petals give them a further Mexican appearance. The colors are crimson, scarlet, orange, pink and, occasionally, white.

Known variously as Mexican tiger flower from the maroon spots on some varieties, and the Mexican shell flower from the delicately scooped form of the petals, the tigridia is a native of Mexico and Peru.

Heat lover as it is, tigridia makes little headway if planted out too early into cold soil. That is why I recommend starting it in pots.

During the growing and flowering season water should be liberal, though never saturating. July and August will see a succession of these lovely flowers for eight weeks or so. Individually the flowers last one day, from about 7 a.m. to 4 p.m., but each stem carries several blooms, so that a planting will rarely be without a good showing.

The roots should be dug in fall after the leaves begin to wither, and stored in slightly damp peat moss to prevent shrivelling.

If seed can be obtained and sown indoors immediately, the plants will bloom this summer after being carried along in pots as suggested for the roots.

POLICE REVOLT BEATEN DOWN

LA PAZ, Bolivia (AP) — Bolivian troops crushed a revolt by a national police regiment Saturday after a five-hour battle in the outskirts of La Paz, the government said. Ten persons were reported killed.

The government radio said President Hernan Siles Zuazo commanded the government forces that surrounded the rebels on Calvary Hill just north of the capital.

The radio said the leader of the rebels, Col. Hermogenes Rios Ledesma, head of the national police, escaped before his encircled force threw down its arms.

IKE ANSWERS KHRUSHCHEV

U.S. Won't Share A-Arms

NEW YORK (CP) — The New York Times says President Eisenhower has told Soviet Premier Khrushchev that the United States has no intention at the moment of sharing nuclear weapons with its allies.

The report could not be confirmed.

The Times in a Washington dispatch quotes well-informed sources as saying that Eisenhower, in a letter delivered in Moscow within the last week, told Khrushchev that the U.S. has a law prohibiting delivery of U.S. atomic weapons to other countries.

The letter, The Times says, was in response to a message from Khrushchev warning that if the U.S. gave nuclear arms to its allies Russia would be forced to consider taking the same action toward its allies.

Khrushchev mentioned a plan put forward recently by Gen. Lauris Norstad, supreme Allied commander in Europe, to establish a mobile NATO task force, to be supplied with the most modern weapons.

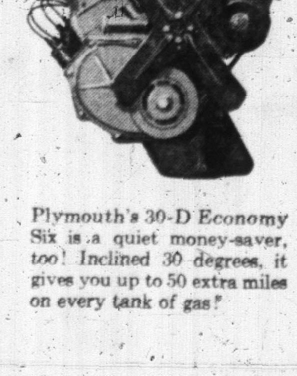
silent...
PLYMOUTH
on the move!
PLYMOUTH

Close the doors, roll up the windows and drive. You'll discover that Plymouth is well nigh as quiet as a jungle cat. And small wonder.

Here—surrounding you in Plymouth—is a 75-pound layer of "solid-fluid" sound-deadener to filter out road vibration before it ever hits a shoe sole. There's an inch-and-a-quarter of insulation between you and every engine sound . . . a half-inch fibre blanket in the roof over your head. And fourteen pounds of felt padding tune out the slightest sheet metal vibration. In all, *ninety-eight pounds of silence!*

Yet that's only the beginning of Plymouth's hush-hush story. Make note, too, of engine mounts that filter out both low- and high-frequency engine sounds . . . a new one-piece Unibody with never a bolt to rattle loose . . . even door latches that are as silent as they are safe.

Plymouth is as quiet as a cat. Visit your local Plymouth dealer and treat yourself to the quietest test drive ever!



Plymouth's 30-D Economy Six is a quiet money-saver, too! Inclined 30 degrees, it gives you up to 50 extra miles on every tank of gas!

B.C. Oil Co. Charged With Price Setting

OTTAWA (CP)—The British American Oil Company, Limited, was accused in a combines commission report today of attempting to enforce a minimum gasoline price in Toronto last July through its power to cancel service station leases.

The restrictive trade practices commission said the company's action, aimed at forcing three service station operators to remove signs advertising a price cut of one cent a gallon was contrary to federal law against resale price maintenance.

The law, enacted in 1951, provides for penalties of an unlimited fine or a maximum two-year jail term or both.

Justice Minister Fulton, who made the report public, said he will consider what further steps ought to be taken. The minister must decide whether or not to order prosecution.

Egg Subsidy To Be Paid

OTTAWA (CP) — A deficiency payment on eggs for the January-March period seems a sure bet on the basis of the latest market report by the federal agriculture department.

It may run around 10 cents a dozen, depending on market reaction in the last three weeks of this month.

The report up to March shows a cumulative market average of 22.5 cents a dozen compared with the base level of 33 cents.

Romania to Purchase Canada Farm Produce

MARKET SUMMARIES

Oils Fall Back Again

Toronto's western oils reversed their boom of Friday and led a losing trend today amid light stock market trading. Industrials and golds followed oils, but base metals were slightly higher.

It was quiet on Wall Street with most steels and motors falling in among irregular stock movements.

AT TORONTO despite the drop in industrials, Canadian Wallpaper B gained 2¾ at 31, followed by Huron and Erie, ahead two points at 52.

B.C. Power dropped ⅝ at 31⅝, while Gatineau Power was off ½.

Among mines, Dome was up ⅝ at 20½. Cassiar and Hollinger each added ¼. Noranda was off ⅜. In senior uraniums, Algom jumped ⅝ at 12¼, while Consolidated Denison slid ⅛.

Home Oil A dropped ⅝ at 10⅜ and Home Oil B was off 70 cents at $9.55. Bailey Selburn dipped 35 cents.

AT NEW YORK Jones and Laughlin dropped more than a point. Off about a point were U.S. Steel and Ford.

Fractional losses were taken by Republic Steel, General Motors, American Motors and Studebaker-Packard, the latter recovering slightly after falling ⅞ to 13¾ on a block of 10,000 shares.

Woolworth and Eastman Kodak advanced more than a point each. Coppers softened with Anaconda, Kennecott and Phelps Dodge taking fractional losses.

AT MONTREAL prices were mixed to lower in light turnover early this afternoon.

Abitibi at 36¼, Howard Smith at 43¼ and St. Lawrence at 15½ all lost ¼ in papers.

Interprovincial dropped 1 at 56 in pipelines and Trans-Canada fell ½ at 23.

BA Oil slipped ½ at 30¾ and Texaco lost 1¼ at 51.

AT VANCOUVER trading was very quiet with slight change in prices.

Highland Belle traded 1,400 at $1.50. Indian Mines moved 4,500 at 8c. Cowichan Copper sold 1,000 at 48. Pacific Nickel traded 1,700 at 64. Quatsino moved 1,000 at 16.

AT LONDON markets were restrained today despite a certain amount of selective buying for industrial equities.

Engineering issues provided a number of firm spots but steels were dull. Electricals were mainly better.

Gilt-edged securities were quiet and the absence of support tended lower.

Dollar stocks reflected the irregularity of Wall Street Friday.

TODAY'S GRAIN

WINNIPEG (CP)—Expanded operations in flax featured trade today on the Winnipeg grain exchange.

Overseas interests and international accounts were good buyers. Offerings were fair, and well absorbed and prices advanced.

Oats and barley were quiet with most of the demand by domestic shippers. Some shipping demand appeared for barley and prices were steady.

Rye trade was mostly of a commission house nature. Prices were fairly steady.

CHRYSLER SELLS FIAT

WINDSOR, Ont. (CP)—The Italian-built line of Fiat automobiles will be marketed by Chrysler Corporation of Canada, Limited, under terms of a distribution agreement announced here today.

Present Fiat dealers will continue to market the automobile. Chrysler already has distribution rights for the French-built Simca vehicles.

LaFarge Buys B.C. Building Material Firm

VANCOUVER (CP)—French-owned LaFarge Cement of North America Ltd. has bought outright the British Columbia building materials firm of Deeks-McBride Ltd.

Announcement of the sale was made Saturday by T. P. N. Jaffray, a director of Dominion Securities Corp., which put the transaction together for LaFarge. No figures were released, but the sale price was reported to be about $2,000,000.

Deeks-McBride marine equipment includes one tug, one self-unloading cement barge and 10 other scows. It also owns a clay products plant at Sidney, B.C., and distributes various building materials.

Lieutenant-Governor Frank Ross of B.C. is president of LaFarge of North America.

Man Braves Fire To Save Driver

(Compiled from CP Reports)

VANCOUVER—George Farthing, a 54-year-old unemployed railway worker, braved flames engulfing an automobile Saturday night to pull 19-year-old Keith Warren to safety.

Warren's car was in a rear-end collision with another car, shot across an intersection and exploded into flames. Mr. Farthing pulled Warren, unconscious, from the burning vehicle. Warren was treated in hospital for shock and later released.

"Flames were shooting from one side of the car to the other," said Mr. Farthing. "If there had been anyone else in there I couldn't have saved them."

NEW POLIO CASES

BURNS LAKE — The number of paralytic polio cases reported from this area increased to 14 during the weekend.

Mrs. Martha Michell, 25, of Pendleton Bay, 25 miles north of here, was admitted to Burns Lake Hospital with slight paralysis.

A hospital spokesman said the paralysis was slight because the woman had received two injections of Salk anti-polio vaccine.

A 15-year-old girl was also admitted with slight paralysis to arms and legs and chest.

NEW CENTRE PLANNED

VANCOUVER — Plans have been made for a new $200,000 centre for B.C.'s cerebral palsy victims here.

The centre, to be financed by New Westminster Lions Club, was discussed by Greater Vancouver municipality mayors and reeves and the adult cerebral palsy association.

An appeal for funds started Sunday.

KILLED BY TREE

BURNS LAKE — Worcup Gilgan, 45, was killed Saturday when a dead tree fell on him while he was falling trees with a farm tractor at Tchesnikut Lake, five miles south of here.

His body was found by his 13-year-old son.

GIRL BURNED

VANCOUVER — Six-year-old Irene Crosby of Skidegate in the Queen Charlotte Islands is in serious condition in hospital after a freak accident in the northern centre Saturday.

Irene was playing with friends on a beach when the children lit a fire and the girl's clothes caught fire. She suffered third degree burns. Irene and her mother were flown to Vancouver.

PROTECT SALMON

VANCOUVER — Resolutions asking the provincial government to stop "flagrant" removal of gravel from salmon spawning stream beds and to taken steps to clear blocked creeks were passed at the annual convention of the United Fishermen and Allied Workers here.

The resolution said authorities should protect gravel beds necessary for spawners to lay eggs in and stop the removal of gravel for the construction industry.

It said careless loggers and nature's accidents create obstructions in creeks that spawning fish cannot pass.

U.S. SENDS PROTEST TO CHINA

WASHINGTON (AP) — The United States will make the "strongest possible protest" to Red China for giving a 20-year prison sentence to an ailing 68-year-old American Roman Catholic bishop, Most Rev. James E. Walsh.

State Secretary Christian Herter said Friday "I find it difficult to emphasize sufficiently the revulsion that I, personally, and the United States government feel today."

"I am instructing our ambassador at Warsaw to lodge the strongest protest with the representative of the Chinese Communist regime at their next meeting Tuesday, March 22.

CBC PLANNING EARLY START ON GRID TV

TORONTO (CP)—The CBC has submitted bids for exclusive Canadian rights to telecast Big Four and Western Interprovincial Football Union games during the 1960 season.

A. K. Morrow, director of the CBC's English network, said that by submitting the bids now, the CBC hoped to make an early start in arranging the best possible football coverage.

ARSON BLAMED IN FIRE AT STRIKE BOSS' HOME

BRANDON (CP) — A fire in the home of the president of the striking Local 225, United Packinghouse Workers of America was described as "arson" by police Sunday.

John Olver said he and his wife and their four-year-old son left home about 7 p.m. Saturday and returned about seven hours later to find four windows broken and the interior of the house in flames.

Brandon police said the incident was the most serious of the Brandon packers strike, which entered its fourth week today.

Use this Home Recipe Plan to TAKE OFF Ugly Fat

How often have you looked in the mirror and decided that you are getting too fat? How often have you resolved to reduce and how often have you become discouraged with the tiring exercise or starvation diets required by some reducing methods? If you have tried to reduce in the past with no results don't give up, don't resign yourself to the discomforts of excess weight. You only live once, enjoy yourself by regaining the healthy frame of mind which usually accompanies the loss of unsightly fat.

It's simple how quickly one may lose pounds of unsightly fat right in your own home. Use this home recipe plan yourself. It's easy- no trouble at all and costs little. Just go to your drug store and ask for four ounces of Naran Concentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Take two tablespoons full a day and follow the Naran Plan.

If your first purchase does not show you the simple, easy way to lose bulky fat and help regain slender more graceful curves; if reducible pounds and inches of excess fat don't seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

EXTRA REWARD FOR COUGAR ACES

Proud pecks are planted on cheeks of spouses by Gayle Anderson (left) and Mary Schmautz after hubbies received individual trophies during Western Hockey League game at Memorial Arena Saturday night. Arnie Schmautz, out of action since suffering skull fracture Feb. 16, was voted most valuable player of season for Victoria Cougars to receive Woodward Trophy. Doug Anderson was repeat winner of Wally Smith Memorial Trophy when he was voted Cougar best combining sportsmanship and ability. Hull Takes Point Title; Plante Again Top Goalie

Playoffs Must Be Frantic To Surpass Windup Thrills

By The Canadian Press

The Stanley Cup playoffs will have to be frantic indeed to make National Hockey League fans forget the final weekend of the season.

The teams went into the six-game weekend schedule with three important issues in the balance and it wasn't until the final horn Sunday that the three were resolved.

The record books will show it ended this way:

Scoring champion: Bobby Hull of Chicago Black Hawks.

Vezina trophy winner: Jacques Plante of Montreal Canadiens.

Final standings: 1, Montreal; 2, Toronto Maple Leafs; 3, Chicago; 4, Detroit Red Wings; 5, Boston Bruins; 6, New York Rangers.

Before the weekend started the scoring championships, the Vezina trophy winner as the league's least-scored on goalie and third, fourth and fifth places in the final standings were much in doubt.

Hull won the scoring title Sunday, when he got a goal and an assist in Hawks 5-5 tie with Boston. Bruins centre Bronco Horvath, one point ahead of Hull when the game started, missed the final two periods of the game with a suspected jaw fracture and got no points at all.

That game also helped decide the Vezina winner since the five goals allowed by Chicago goalie Glenn Hall—tied with Plante before the game began—left him with a season-total of 180 while Plante, beaten 3-1 by New York earlier, finished with a total of 178.

In the third Sunday game, Toronto edged Detroit 3-2.

It was the fifth consecutive Vezina win for the Montreal netminder, breaking the record of four straight he shared with Bill Durnan, the Canadiens star of the 1940s.

Toronto-Detroit Opener Wednesday

Hull, who finished with 39 goals and 42 assists for 81 points to Horvath's 39 goals and 41 assists, is the first Chicago player to win the championship since Roy Conacher turned the trick in the 1948-49 season.

Saturday, Detroit beat New York 6-3, Toronto shut Chicago out 1-0 and Montreal whipped the Bruins 5-1.

The Detroit win combined with the Boston loss killed Bruins last mathematical chance of a playoff position but third and fourth places were still undecided before the Detroit loss Sunday.

Toronto now meets Detroit Wednesday in the first game of a best-of-seven semi-final series and Montreal hosts Chicago Thursday in the other semi-final round.

Doug Mohns was the big gun for Boston Sunday night, firing two goals and adding an assist. Don McKenney, Charlie Burns and Vic Stasiuk completed the scoring. For Chicago, Glen Skov, Ken Wharram, Eddie Litzenberger and Eric Nesterenko — as well as Hull—did the scoring.

TWO FOR BATHGATE

Andy Bathgate picked up two goals and an assist in the New York action Sunday and Maurice Richard scored his 19th of the season. The other Ranger goal came from Brian Cullen.

In Detroit Sunday, Johnny Wilson, Frank Mahovlich and George Armstrong scored for Leafs. Murray Oliver and Pete Goegan scored for Red Wings.

Oliver's goal was his 20th, making him the only rookie to reach that mark.

Oliver had two goals Saturday as the Wings routed New York at home. Norm Ullman also scored twice and Gary Aldcorn and Alex Delvecchio provided the others.

Dean Prentice accounted for all three New York goals, bringing his season's total to 32.

In Toronto, Leafs' Red Kelly took a short pass from Mahovlich, who had made a rink-length rush, and beat Hall with the deciding goal early in the third period. Toronto's Johnny Bower posted his fifth shutout.

The Canadiens turned on the power against the desperate Bruins after a scoreless first period in Montreal Saturday. Phil Goyette led the assault with two goals, his 20th and 21st. Dickie Moore, Don Marshall and Henri Richard got the others. Jean-Guy Gendron scored the only Boston goal.

BOBBY HULL

JACQUES PLANTE

SWIM MARKS FALL

Bob Is Happy In Third Spot

Victoria YMCA swimming team coach Bob Johnstone called the shots and his squad didn't disappoint him Saturday.

Johnstone's youthful crew placed third in the B.C. Open swimming and diving championships at Crystal Garden pool and star Bob Wheaton was a standout in the record smashing meet.

The powerful Vancouver Dolphin and Vancouver Amateur Swimming clubs broke most of the 10 age group records that fell but Johnstone's prediction that his squad would do well in team standings was held up.

The Y swimmers placed third with 217 points behind Vancouver ASC with 300 points Vancouver Dolphin with 271.

Victoria Amateur Swimming Club splashers finished strongly to take fourth spot with 101 points and Vancouver YMCA trailed with 40.

Stars of the gala were undoubtedly Wheaton and Marg Iwasaki, former British Empire Games competitors, who both established Canadian senior records.

BUTTERFLY MARK

Wheaton shattered the Canadian 100-yard butterfly mark with a sparkling 1.01.9. The previous time of 1.03.0 was set by Ed Cazalet of the Vancouver Amateur Club.

Miss Iwasaki shaved a big 6.4 seconds off her own 200-yard medley record. The Dolphin Club speedster touched the tiles in two minutes 34 seconds flat.

AGE GROUP RECORDS

Setting new age group records, of which nine are Canadian and one B.C., were:

1. Mary Stewart, Vancouver Dolphin, in the 100-yards backstroke event for girls age 13-14.
2. Aldy Meinhardt (Vancouver ASC), in the 100-yards freestyle event for boys age 15-16.
3. Cathy Campbell (Vancouver Dolphin), in the 100-yards backstroke event for girls age 15-16.
4. Vancouver Dolphin in the 200-yards medley relay event for boys age 11-12.
5. Bill Sangster, Vancouver ASC, in the 100-yards breast stroke event for boys 13-14.
6. Mary Stewart, Vancouver Dolphin, in the 100-yards butterfly event for girls 13-14.
7. Sheila Campbell, Vancouver Dolphin, in the 50-yards butterfly event for girls age 11-12.
8. George Rust, Vancouver YMCA, in the 50-yards freestyle event for boys age 10 and under.
9. Shirley Cazalet, Vancouver YMCA, in the 50-yards backstroke event for girls age 10 and under.

Setting a B.C. age group record was Cathy Campbell of Vancouver Dolphin in winning the 100-yards butterfly event for girls age 15-16.

Cats Receive Dividend On Don's Summer Toil

Cougars 4, Totems 3

Those tedious hours of summer practice all seemed worthwhile today for Don Blackburn.

Blackburn, who scored 15 goals for Victoria Cougars last winter in his rookie Western Hockey League season, worked almost every day at home during the summer on shooting practice and exercises to strengthen his arm muscles.

The husky winger came back to the hockey wars this season stronger than ever and with a blistering snap shot that seemed likely to boost him over the 20-goal mark. But Don's sizzlers weren't always on target and the sophomore winger Saturday night went into Victoria's final game of the regular schedule with a total of only seven goals.

When the evening's chores were ended at Memorial Arena, the Cougars owned a 4-3 victory over Seattle Totems and Blackburn had earned an ovation from the 2,900 fans for his spectacular goal that decided the wide-open tussle after 3.23 of overtime.

Working hard all the way and showing a willingness to exchange bumps with the toughest Totems, Don broke out to take a pass from defenceman Jim Hay at the red line. Outflanking the Seattle defence on the left side, Blackburn cut in to rifle a bull's-eye 30-footer into the right side just as he went sprawling into the end boards.

Cats May Have Edge in Stamina

Vancouver and Edmonton are slated to open their semi-final playoff Wednesday and the Victoria-Seattle semifinal is due to get under way Friday at Seattle.

If the Cougars and Totems go all the way in the best-of-seven semi, they will twice play three games in as many nights. Following Friday's opener, the Cats and Totems play the next night at Memorial Arena and return to the Sound City Sunday for the third game. Fourth tussle is at Victoria Wednesday and if further games are necessary, they are slated for Friday, Saturday and Sunday again.

If Saturday's action can be taken as an indication of things to come, fans are in for some interesting playoff hockey when the Cats and Totems tangle for the right to move into the final.

The Cougars should rate at least an even-money chance of ousting the Totems and Saturday's argument suggested they may have an edge on stamina during the rugged series.

After grabbing an early lead on Gordie Fashoway's goal, the Cats hit a bad stretch and were trailing 3-1 at the end of the first period. They started to come back in the second session, pulling even on tallies by Paul Masnick and Pete Wright and were the stronger club through the scoreless third period.

Totems, who got goals from Guyle Fielder, Bill MacFarland and Frank Arnett, fired 25 shots at the Victoria nets while the Cats were levelling 36 drives at Bev Bentley between the Seattle pipes.

The result moved the Cougars even with Edmonton in third place, each club with a 37-29-4 record for the 70-game schedule. However, the Cougars were already destined to wind up in fourth place for playoff purposes since the Flyers owned a big scoring edge over the season, 246 goals to 227.

In other Saturday games, the champion Vancouver Canucks nipped Spokane Comets 5-4 in overtime and Calgary Stampeders whipped Winnipeg Warriors 5-1.

In Sunday's lone game, Canucks wrapped up the schedule for another season by clipping the Totems 3-2 at Seattle.

NEW RECORDS

Canucks equalled one record and broke another Sunday night in defeating Seattle.

They equalled the record of 44 wins set by Brandon in 1956-57 and equalled by Vancouver in 1957-58 and the club's 94 points broke the record 93 points set by Vancouver in 1957-58.

Soccer Scots Have Big Day

The Irish had their day Thursday and the Scots came around to celebrate on Sunday.

This is what the Scots accomplished in Victoria and District Football League circles:

—Canadian Scottish stepped up to share second place by defeating Ladysmith 5-1.

—Willie Hamilton, oft referred to as the canny Scot, bounced in two penalty kicks to provide Brodies with a 4-3 victory over Kickers.

—The Thistles of Saanich marked up the day's only shutout, 6-0 over Esquimalt.

WESTS WIN

And, of course, who is to say that there wasn't a Scotsman around to watch Victoria West edge Heaney's 3-1 in Sunday's only other game?

Evcoes, warming up for next weekend's Province Cup semi-final with Vancouver Firefighters, downed Gorge Hotel 2-1 in Saturday's lone attraction. The result boosted Evcoes' lead atop the 11-team circuit to three points over Ladysmith and Scottish.

Highlight of Sunday's activity proved to be the Heywood Avenue Park thriller between Kickers and Brodies. All four goals counted by the teams in the second half came on penalty kicks, including the pair by Hamilton.

Scorers and standings:

SUNDAY

Brodies—Allan Glen, Willie Hamilton 2 (one goal scored by Kicker defender). Total 4.
Kickers—Volker Stoldt 2, Willie Voht. Total 3.

Vic West—Paul Mulcahy, Bob Turner, John Youson. Total 3.

City Juniors Capture B.C. Cage Laurels

The Wally Yeamans-coached Victoria juniors have brought Vancouver Island its first provincial girls' basketball trophy of this season.

The Victoria team, pulling away with a strong second-half performance, trounced UBC 41-25 to capture the B.C. junior girls' crown Saturday. Winners by a 43-41 margin Friday, Victoria won the two-game, total-point final 84-66.

Victoria led by only nine points, 23-14, at the half.

Shirley Crowe and Carol Casilio sparked the victory with 10-point displays while Georgina Noels and Sylvia Wedman each added five points.

GOLF HAT TRICK

Boss and Assistant Both Belt Tee Aces

Not one, not two, but three holes-in-one were recorded over the weekend on Victoria fairways.

Victoria Golf Club's assistant pro Roy Chappell Saturday aced on the 225-yard seventh hole at Oak Bay in company with two American visitors.

Sunday his boss, Laurie Carroll stepped up to the second tee at Gorge Vale and belted one 182 yards into the hole with a five iron.

Carroll and Dr. George Bigelow went on to down Bob Morrison and Frank Scroggs 2 and 1 in the senior open button match.

The hat trick was completed by Mrs. Margaret Cook Sunday on the 14th at Gorge Vale when she sank a 145-yard drive. She used a five iron and was in Carlow Cup competition with Dick Jefferson, Audrey Kelly and Jack Coates.

Minor Crown To Red Wings

Victoria's Tom Thumb minor hockey championship went to Red Wings Saturday following their 2-0 triumph over Maple Leafs.

First game of the total-goal final wound up in a scoreless tie.

In the peewee division's round-robin playoffs, Bombers beat Capitals 4-2, Maroons downed Senators 5-2 and Flyers shut out Royals 5-0.

This week's schedule:

TONIGHT
5.30 p.m.—Bantams, Royals vs. Maroons.
6.45 p.m.—Capitals vs. Senators.

TUESDAY
6.10 p.m.—Midgets, Indians vs. Barons.

Labatts Play Trail For Coy Cup Title

NANAIMO (CP)—Nanaimo Labatts went on a scoring spree Sunday to whip Kamloops-Merritt Central 7-2 and take their best-of-three B.C. Intermediate Hockey semi-final 2-1.

Nanaimo will meet Trail in the Kootenay city Friday, opening the best-of-three final for the Coy Cup B.C. championship.

Second game will be Saturday and the third, if necessary, Sunday.

In a complete reversal of Saturday's form, when they went down to an 8-1 defeat, Labatts played heads-up hockey that disrupted the Kamloops' passing attack. Nanaimo won the series opener 4-2 Friday.

STANDOUT PLAYER

Kamloops goalie John Panagrot, easily the standout player of the series, played a good game but poor clearing by his defence permitted Labatts to grab rebounds.

Nanaimo led 3-1 at the end of the first period, 6-2 after the second and scored the only goal of the third.

Don Ashbee, Earle Robinson and Buddy Dumont each scored twice for the winners with Jim Peterson getting a single. Al McDougall and Wally Hryciuk scored for Kamloops.

Panagrot stopped 45 shots, while Bob Lumley in the Nanaimo nets stopped 23.

Smith Scrambles To Bike Victory

Unseeded Bill Smith, riding a Triumph TR 6, upset some top riders Sunday to win the first of the Victoria Motorcycle Club's three-meet scrambles championship.

Some 450 spectators watched Smith's win in racing on club property off Millstream Road. He was followed home by Vern Amor, Ernie Hills and Chuck Arnold.

Second and third events will be held in the fall.

Brentwood 'C' Club Edged in B.C. Playoff

KAMLOOPS (CP) — Kamloops Mount Lolo Lynx, a team composed of United States Air Force personnel stationed here, Saturday captured the British Columbia men's senior "C" basketball championship with a thrilling comeback victory over Victoria Brentwoods before 500 fans.

Lynx rolled to 72-57 win to take the two-game, total-point series 124-117. They dropped the first game Friday 60-52.

Facing an eight-point deficit going into the final game, Kamloops, led by lean Johnny Sovak, raced to a 37-28 half-time lead and sluffed off a determined Victoria drive in the late minutes of the second half.

Six-foot Jack Jacobson, the brightest of the Brentwood performers plunked in 18 points. Jerry Parker, who fouled out early in the contest, managed 15.

Bald Eagle Fattens Bankroll

NEW YORK (CP) — Cain Hoy Stables' Bald Eagle put on a great stretch run to win the $112,500 Gulfstream Park handicap at Miami Saturday and cement his claim as the winter turf champion.

Bald Eagle beat Amerigo by three-quarters of a length with On-And-On third and Sword Dancer fourth in the field of eight. Bald Eagle, the favorite, paid $4.50, $3.10 and $2.60. Amerigo returned $4.90 and $3.40 with On-And-On $3.40 to show.

Bald Eagle's time for 1¼ miles was 2.01 1-5.

Capt. Harry F. Guggenheim of New York, owner of Bald Eagle, picked up the winner's share of $71,400.

Fast-charging Bald Eagle, ridden by Manuel Ycaza in the Gulfstream, now has earned $163,290 in three starts this year.

At Bowie, Md., Harbor Stable's Francis S. took the measure of four Kentucky derby candidates in winning the $30,600 Governor's gold cup. Idolator, one of the derby hopefuls, was second among the nine three-year-olds racing the ¾-mile. Playgoer was third.

In San Mateo, Calif., the $17,000 San Jose handicap at Bay Meadows Saturday went to Mr. Snack who came from last place in the nine-horse field and scored a 1½ length victory over Circle Lea. Prize Host was third over the mile.

Roy Is Proving Form Will Tell; Grabs Pin Lead

Horse players will tell you that you can't beat form. Bowlers will agree after the first two six-game blocks in the city tenpin zone bowling championships.

For when the firing had died away at Strathcona Saturday and Gibson's Sunday, one of the city's most consistent bowlers was on top, closely pursued by a grand veteran and last year's champion.

Leader at the halfway mark is Roy Begg, Strathcona Alley operator, with a 2,262 total.

Tied for second are Ron Wilson, association secretary, and Wilbur Webb, 1959 titlist, with 2,233 totals, 29 pins off the pace.

TWO-TIME CHAMP

In close contention is Ken Muhn, two-time champion, with a 2,187 aggregate, 75 pins off the lead.

Jackie Lim, at 2,156, and Charlie Cowie, at 2,155, make up the top six.

Begg, who trailed Wilson after the first block, put together games of 211, 186, 175, 225, 129 and 166 for a 1,095 total Sunday to go with a splendid 1,167 Saturday.

Wilson, who hit an even 200 average for a 1,200 total Saturday, started slowly but finished strongly on Sunday for 1,033 on games of 137, 164, 170, 209, 189, 164.

Webb was the most consistent of the trio. He had 1,115 on Saturday and 1,118 Sunday, stringing together games of 205, 180, 185, 190, 174, 182, at *Gibson's.*

HIGH SINGLE

Begg's 629 is high three of the tourney with Wilson second at 622. Ian McKeachie hit a 257 for high single, Saturday, while Jack Fletcher took high six honors Sunday with 1,125 and also high single of 233, two pins better than Colin Butt, who leads the 165-and-under average class with 2,102.

Toughest break went against Herb Chandler, who suffered an arm injury and dropped all the way from the first ten (1,091) on Saturday to the last ten on Sunday.

Despite the fact that he couldn't raise his arm above the shoulder, Chandler stuck it out to the bitter end.

Tourney winner and runner-up will represent the city in the B.C. finals at Nanaimo in early April. Final two blocks will be rolled this coming weekend, at Strathcona Saturday and Gibson's Sunday.

GUARDS PROTECTING STEEPLECHASE COURSE

LONDON (AP) — Guards are out at Aintree protecting the Grand National steeplechase course against people threatening to sabotage next Saturday's running of the world's most controversial horse race.

Mrs. Mirabel Topham, who owns the Aintree track, has received warning letters from critics who regard the National as cruel. So has the British Broadcasting Corporation which is televising the race live for the first time in history.

Last year's race brought protests in parliament after two horses died and only four of the 34 starters finished. Only seven of 31 finished in 1958.

Same Healthy Stride By Eagles, Heaneys

Eagles and Heaneys, who have been waging a season-long battle for Division I leadership in the Lower Island Junior and Juvenile Football Association, again stayed in step Sunday.

Both scored impressive victories to advance to the final. Eagles blanked Salt Spring Island 11-0 while Heaneys picked on Island Tug and Barge, 10-0.

Winners play off for the divisional title next week.

Victoria Optimists stamped their mark on the Division II championship, defeating Central Flyers 6-0 in Sunday's final.

WOMEN'S BONSPIEL

Primary Prizes For Host Rinks

Visitors got away with the silverware from three events but city rinks saved the important trophies for the host club's shelves as the annual Victoria women's bonspiel came to a close Sunday evening.

Victoria rinks skipped by Mrs. Rene Robbins and Mrs. Ruth Jackson captured the primary events while entries from Duncan, Seattle and Vancouver grabbed the remaining prizes from the largest women's bonspiel ever held on Vancouver Island.

Mrs. Robbins captured the Scurrah Trophy by defeating clubmate Doris Fraser 11-8, while Mrs. Jackson's rink won the Eaton's event with a 10-7 decision over Vancouver's Marg Hurst.

MOVE PAID DIVIDENDS

Duncan's Melba Schappert, originally listed as a third, moved up to skip's position shortly before 51 rinks started play and led her up-Island teammates to victory in the Evergreen event. The Duncan rink downed Chilliwack's Mrs. E. Gibbons 13-11 in the final.

Mrs. Bernice Hunter of Vancouver downed Vancouver Island champion Flora Martin of Victoria, 9-6, to take the Hudson's Bay Trophy while consolation honors went to Seattle's Dalice Groven after a 9-6 decision over Victoria's Betty Stubbs.

Winners lineups:

Eaton's Event—Mrs. Ruth Jackson (Victoria), Edna Martin, Betty Garnett, Helen Holmberg.

Scurrah Event—Mrs. Rene Robbins (Victoria), Edith Leach, Gladys Blowey, Mae Westaway.

Evergreen Event — Melba Schappert (Duncan), Dot Shirer, Dawn Dickson, Vera Wilson.

Hudson's Bay Event — Mrs. Bill Hunter (Vancouver), Nan Olsen, Ginnie Bentham, Jean Hawke.

Consolation—Dalice Groven (Seattle), Ruth Helem, Ruth Henley, Eleanor Gregory.

Red Carpet Out For Hoop Heroes

ALBERNI, B.C. (CP) — Alberni Athletics, who dropped the Canadian senior title to Tillsonburg Wednesday in Montreal after forcing the series to the fifth game, were given a heroes' welcome on their return here Saturday night.

About 500 hometown fans crowded the Athletic Hall for ceremonies during which mayors of Alberni and neighboring Port Alberni welcomed the players home.

The Collegians, showing more finesse with each outing, handed Oak Bay Whites their first loss of the first division's second-half schedule, 9-6.

Saturday's surprising result at Carnarvon Park lifted University into a three-way tie for second. James Bay Barbarians also got into the tie when they picked up a victory by default from Oak Bay Reds.

Gray Eaton, a member of Victoria's McKechnie Cup team, Gordie Woods and Murray Halkett shared scoring honors for University. Eaton and Woods each scored a try while Halkett added a penalty goal.

SCORING LEADER

Ron Reimer padded his individual scoring lead in the second division, scoring three trys to pace Venture's 28-8 victory over Royal Roads. It was the first loss for Royal Roads.

In the day's other second division encounter, David Gordon, young Scot, came up with a fancy kicking performance to lead Navy's 23-0 rout of Naval Technical Apprentices. Gordon kicked three penalty goals, including a 45-yarder from a difficult angle, and a convert for Navy.

In junior division games, Oak Bay Wanderers downed Sea Cadets 13-3 and Canadian Scottish beat Air Cadets 13-8.

Eyes on French In Rugby Series

EDINBURGH (AP) — England defeated Scotland 21-12 Saturday and moved into a three-point lead in the five-nation Rugby Union international standing.

France, with two matches to play, is the only team capable of equalling England's seven points from four matches.

England has completed its program. France, the defending champion, still has to play Wales at Cardiff (March 26) and Ireland in Paris (April 9).

FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Teddy Bears Keep Provincial Crown

KELOWNA (CP)—Kelowna Teddy Bears captured their third consecutive B.C. senior B women's basketball championship Saturday night when they knocked over Victoria Hudson's Bays 62-36 in the final game of a two-day round-robin tournament.

The Teddy Bears defeated Trail 69-21 in the opening round Friday night and dumped highly-rated Richmond 54-40 Saturday.

Pacing Kelowna Saturday night was Anita Stewart, who poured 22 points through the net. Best for Victoria was Louise Mason with 13.

The Kelowna team becomes the first to win the provincial senior B crown for three successive years. Kelowna Women's Club says that it will challenge the Eastern Canada senior B winner.

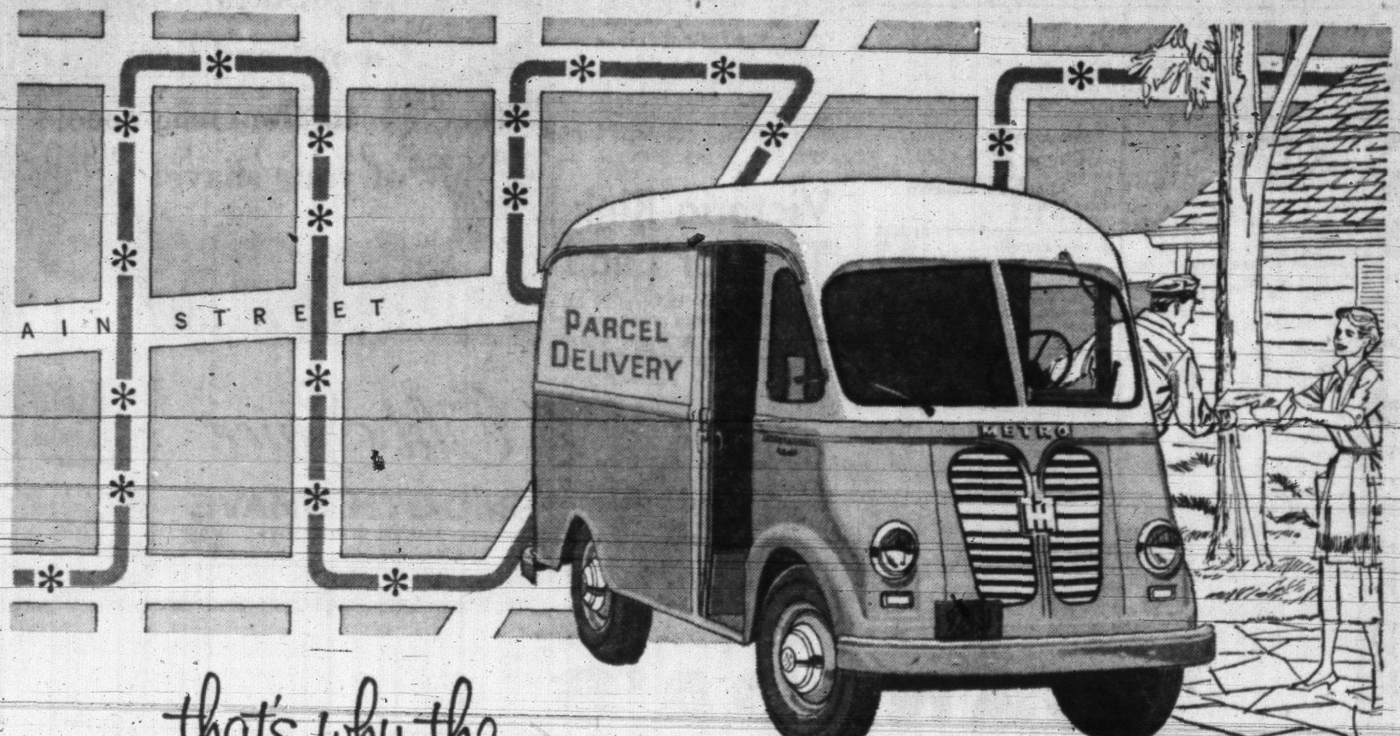
STOP-START service is hard on trucks



...that's why the INTERNATIONAL METRO is engineered as a unit!

A day of multi-stop service has more starts and stops than a month of most other kinds of trucking. Gears are shifted constantly . . . brakes are worked overtime . . . engines seldom run at ideal operating speeds. Add to these never-ending strains the complex problems of load distribution and driver efficiency. You can see why designing multi-stop trucks is a job for *truck* men who know the delivery field.

International engineers solve these problems the only way they can be solved. They design the vehicle *as a unit*. Engine, transmission, axles, chassis, *and body* are engineered to *work together*. That's why International Metro and Metroette cost less to operate . . . and that's why International has been sales leader in the multi-stop field for 22 straight years.

Big volume capacities, ranging from 243 to 417 cu. ft. Full 6 foot headroom. Payload width, 70 inches.

Low steps make deliveries easier and help to reduce driver fatigue and increase efficiency.

New driver comfort. Foam rubber adjustable bucket-type seat swings *forward for access from left side.*

Canada's most complete line of multi-stop trucks; available in 5 body choices; 9 chassis sizes; includes the right truck for your loads and routes.

Young Negroes Impatient

WASHINGTON (AP) — The eighth week of Negro anti-segregation demonstrations began in the United States South today with no sign of an immediate solution in sight.

Authorities appeared more than ever determined to maintain law and order. Negroes—especially the younger ones—showed *growing* impatience with the slowness of court action in furthering quality.

Boycotting of stores operating segregated lunch counters was proposed by Negro groups in Savannah, Ga., and Lynchburg, Va.

At Durham, N.C., the Rev. Douglas E. Moore announced that lunch counter protest leaders will hold a South-wide meeting in Raleigh, April 15 to 17.

SEGREGATION WRONG

In Florida, however, Governor Leroy Collins said he thought it was "unfair and morally wrong" for a department store owner not to allow Negroes to patronize one part of the store while being permitted to trade in other sections.

41 Arrested In Library

MEMPHIS (AP) — A Negro sitdown in all-White public libraries was broken up Saturday by the arrest of 41 persons, including five Negro newsmen at the scene.

Lawyers arranged a special session of city court in an effort to have the demonstrators released.

Judge Beverly Boushe, presiding in his tuxedo, set bond for four of the prisoners at $352 each, then departed to judge a beauty contest. He said an additional session would be held later.

The Negroes sang hymns in the cells while awaiting court action. Friends crowded Central police station, cash in hand, ready to put up bonds.

The bail money was raised at a mass meeting of Negro ministers, lawyers and businessmen.

The demonstrators were arrested after they entered the main library and a downtown branch and sat at the reading tables. The main library and four of its five branches bar Negroes.

Woman Dies in Plunge

OTTER ROCK, Ore. (AP)—A woman watching sea lions through binoculars lost her balance and plunged 450 feet to her death in the pounding surf below Otter Crest viewpoint on the north central Oregon coast near here Sunday. She was Mrs. Troy Derryberry, 31, of Salem, Ore. Her horrified husband lunged for her, grabbed her coat and it pulled free in his hands as she tumbled down the nearly sheer cliff.

UNITED TORY LEADER NAMED CEYLON'S PM

COLOMBO, Ceylon (Reuters)—Dudley Senanayake, 58-year-old leader of the Conservative United National party, tonight was sworn in as prime minister of a minority government.

His party won a narrow victory in the weekend general elections in this island nation.

Senanayake earlier in the day accepted an invitation from Governor-General Sir Oliver Goonetilleke to form the government.

The United National government will replace the caretaker administration of Prime Minister Wijayananda Dahanayake, who was defeated at Saturday's poll.

OTHER 29 ABOARD KILLED

17 Survivors, All Women, As Vacation Plane Crashes

BOGOTA, Colombia (AP)—Seventeen persons, all women, survived the crash of a Colombian airliner with 46 persons aboard, authorities said Sunday.

The plane crashed in a rainstorm Saturday as it was bringing vacationers home from the resort island of San Andres off the eastern coast of Nicaragua.

The twin-engined C-46 took off from San Andres on a flight to the city of Medellin in northwest Colombia. Capt. Mario Botero, the pilot, radioed later that he was having trouble with one engine. Five minutes later he said both engines had failed and he would try to reach the airport at Planetarica, 140 miles north of Medellin.

THUNDEROUS CRASH

Shortly afterwards came a thunderous crash in the direction of some low hills.

The rescuers brought the 17 injured women from the wreckage. The crew of three and the other 26 passengers were dead, authorities said.

The airline, Sociedad Aeronautica de Medellin, said all aboard were Colombians.

Meanwhile, Reuters news agency said two United States Air Force helicopters reached the scene of another crash in the remote, rugged region of eastern Colombia and reported finding six bodies Saturday.

The Americans said a co-pilot and several passengers had survived. The plane was an amphibious aircraft of the Colombian Aida Company and evidently crashed some time in the last week.

Colored Margarine Defeated in Manitoba

WINNIPEG (UPI) — House speaker Abe Harrison broke a tie vote in the Manitoba legislature Friday to defeat a bill calling for repeal of the ban on factory-colored margarine.

EGYPT PLANS TO IRRIGATE SINAI DESERT

CAIRO (Reuters) — The United Arab Republic Sunday announced an ambitious plan to irrigate the Sinai Desert with waters from the Nile and provide settlement for 2,000,000 Arabs near the borders of Israel.

The move was seen here as a counter to plans by Israel to irrigate its adjacent Negev Desert.

The government-owned Egyptian Gazette, announcing the plan, said water will be channelled to Sinai through a tunnel to be dug under the Suez Canal.

Artesian wells also would be sunk and rain reservoirs established.

This irrigation would make possible the settlement of 2,000,000 inhabitants in the desert, the Gazette says.

Guides Purchase Riverside Land As New Campsite

DUNCAN — A 47-acre campsite bordering the Koksilah River at Cowichan Station is being purchased by the Cowichan Valley division of the Girl Guides for $5,500.

The timbered property, owned by Harold Shaw, Cowichan Station, and R. W. Uzzell, Duncan, borders the river for one-quarter of a mile. The Guides used it as a camp last summer.

It is hoped there will be a divisional family picnic May 15 to formally open the site, with a Jubilee celebration flag-raising ceremony.

Down payment on the purchase amounted to $2,500, of which $2,000 is a loan.

* * *

DUNCAN—William George Saywell, 23, son of Jack Saywell, principal of Lake Cowichan High School, has been awarded a $2,800 Woodrow Wilson fellowship for his studies in the field of modern history during his last year at Harvard University.

He won a fellowship in the field of modern history and has been studying for an honors degree.

He will begin work on his PhD at the University of Toronto in September.

* * *

DUNCAN—The city council has approved preparation of a bylaw to assess the value of local business operations and the relative worth of each street in the business section. Mayor Jack Dobson said that in view of the amount of work being done in the area, it might be wise to consider a business tax.

NORTH COWICHAN—*Municipal council has acknowledged a $1,000 annual donation from MacMillan, Bloedel & Powell River Company Ltd., Chemainus, toward fire protection facilities and equipment in Chemainus.*

"It is a generous donation. It will help to hold down costs in the Chemainus fire area," said Coun. W. T. Bowles.

Reeve D. C. Morton said the mill itself is outside the fire protection area. He noted many volunteer firemen work for the company and "have a verbal agreement to leave their jobs whenever there is a fire."

* * *

SAANICHTON—Investigation of a barn fire Tuesday morning at Brentwood Auto Court, which caused $1,700 damage, showed the fire was set, according to C. E. Rowles, Central Saanich fire chief.

The investigation is being made by the Central Saanich fire department and an official of the fire marshal's office in Vancouver.

* * *

CHEMAINUS—Soapbox racers hope to zip down Oak Street Hill here May 15, June 12, July 24, Aug. 21 and Sept. 11.

Soapbox derby committee has asked North Cowichan municipal council for use of the hill on those dates, and for permission to hold a raffle June 12 for a prize not over the value of $50.

NEWLY ELECTED to presidency of Associated Chambers of Commerce of Vancouver Island, Will Dobson, Duncan, above, has named the following committee chairmen: Cliff Laver, Courtenay, roads; Sam Lane, Victoria, tourist; John Dunham, Nanaimo, industry.

CONDITION CRITICAL

Nanaimo Boy Still in Coma

Robin Jones, seven, struck by a car in Nanaimo Saturday afternoon while running after a ball, is still unconscious and in critical condition in Royal Jubilee Hospital.

He suffered head and chest injuries and a fractured right leg. Following the accident he was taken to Nanaimo General Hospital, then brought to Victoria by ambulance.

It was only a month ago that the same thing happened—he dropped a ball, ran after it, and almost was hit by a car.

Car involved in the Saturday accident was driven by Morley Dorsay, who was on his way home from work.

"Dorsay didn't have a chance," police said. "He didn't have time to brake."

The boy's parents, Mr. and Mrs. Vernon Jones, came to Victoria with him.

$1,500 Worth Of Sheep Killed by Dogs

Sheep worth $1,500 have been killed by dogs in the last *two months in the Metchosin* district, rancher W. H. Long *has charged.*

He said he has shot five *dogs this year. His own losses* include a ram worth $100, *while last year dogs killed* sheep of his worth $1,000. He *recovered $500 in compensa*tion from the provincial government.

Colwood RCMP have warned *that householders must licence* their dogs and take greater care of them.

Killing of unlicenced dogs is permitted *under the Sheep* Protection Act, police said.

B.C. LEADS ALL IN ALCOHOLISM

B.C. SCHOOLS do more for 85 per cent of students than British *schools*, Dr. Gordon Shrum, UBC physicist, said at *service club meeting* in Nanaimo. However, Britain does "*far better job*" for top 15 per cent, he said, "and we should do that here."

NANAIMO (CP) — British Columbia leads all Canada in alcoholism, illegitimacy, narcotics addiction, and admission to mental hospitals, Dr. James S. Tyhurst, University of B.C. psychiatrist, told a public meeting here on the weekend.

"Why that is I do not know," he said.

"It may be because we are located at the end of steel and have a large mobile population. The mobile element piles up here since it can't move any farther west.

"Also it may be that we have more efficient case finding in this province," he added.

The psychiatrist said admissions to mental hospitals were up 160 per cent in the last 10 years. For every person in a mental hospital there are four or five others outside suffering from some form of mental disorder.

FIRST DAY OF SPRING A DAN-DAN-DANDY

The Calendar Called and Nature Answered

The irresistible siren song of nature lured thousands of Victorians to the outdoors Sunday for the year's first heady whiff of spring.

The day was a happy combination of the first spring day and first day of spring—which can be entirely different.

It was coolish in the morning, but by noon the sun was blazing and the temperature was heading toward the 60-mark.

Weatherman William Mackie said that although the observatory temperature did not exceed 55 degrees, the official downtown thermometer climbed to 58, and the Tillicum area basked in 59 degrees.

Everything but the basement was crowded Sunday.

The gardeners burst forth with great cleanups.

Paint flew at the boathouses and the long-headed types who finished their yearly boat maintenance chores well ahead of time had the joy of swanking about in the sea lanes to the envy of others.

Turkey Head Breakwater was a hive of sightseers. Some came by boat, some had walked around the waterfront, and many joined the steady stream of cars that filled Beach Drive all afternoon.

Beacon Hill Park was a-swarm with couples strolling amidst the early flowers. Swallows in the air searched out their nesting places.

Golfers in many cases extended the usual 18 to 36, just because conditions were too good to ignore.

Cloud which occurred this morning, and which has been threatening for the past three days, will continue overnight and into Tuesday, according to Mr. Mackie.

There is a chance of a sprinkle of rain Tuesday morning, but the day mainly will be a mixture of cloud and sunny periods. Temperatures will range between 38 and 50 degrees, and winds will be southwesterly at from 15 to 20 miles.

Early-morning motorists noted thick fog in certain areas today on their way to work, but it did not last.

Only Trans-Canada Air Lines had trouble, and only with Seattle, where the airport was "socked in" for several hours.

If You Were She You'd Be 93

Peace, perfect peace, shines through the eyes of Miss Goldstream as she nuzzles the wife of her owner Mrs. "Flo" Michell on the "Bud" Michell place, Telegraph Bay Road, Saanichton. The love affair between the Michells and Miss Goldstream goes back to the early 30s when they bought her for five tons of hay, later sold her to be trained as a racemare by Jeff Kilgour, and then bought her back when she was six years old to raise a family and retire her to lush meadows and a life of ease. This picture was taken Sunday, her 31st birthday equivalent to her 93rd anniversary as a human being. Born at Goldstream, she won $11,000 on the race track and has thrown such foals as Gold Pebble, Gold Skies, and Gold Drive all good winners on B.C. tracks and Mitch Stream who scored in California. Life for an old racehorse is good if you happen to have won a few races and are owned by people like "Bud" and "Flo" Michell. — (Times Photo by Bill Halkett.)

Letter came in a long time ago from A.C.P. casting some doubt on my explanation for the origin of the name Fiddler's Green as applied to the parking lot behind City Hall . . . **A.C.P. says it's because the occupants of City Hall fiddle around so much** . . . letter from H.V.O'R. as follows: "Your mathematical education is showing . . . you speak of 'five cents' and then express it in figures (.05c) . . . .05c quals 5/100 of 1c which, when I went to school, was figured out to equal only 1/100 of 5c" . . . **my thanks to H.V.O'R., who is of course, .100 per cent right** . . .

So the NHL play-offs start Wednesday . . . one time of the year I wish I were back in Toronto . . . it was always so inspiring to hear the coach telling his team, "The game's the thing. If you can't win in a gentlemanly, clean, sportsmanlike way, chop the bums off at the knees" . . . **don't know what brought it to mind, but there was this man driving along in his car, and the car was shivering and shaking, and the driver explained the reason was he had had the car gassed up at a nervous station** . . .

The well-known philatelist phellow, Reginald Nairne, has opened up a whole new vista of speculation . . . in reporting the sighting of a half-dozen swallows last Friday, Mr. Nairne asks "while on the subject of ornithology, would a young seagull be classed as a gullet?" **a pretty hard theory to swallow** . . .

For the benefit of TV viewers who watched the Coral Sea hour from Vancouver Saturday afternoon, the two big U.S. carriers shown flying off planes in a series of film clips were the Independence and Forrestal . . . the carrier in the background at program's end was the Independence . . .

Never mind, we'll cook up something new next time around.

Horseman's Funeral Set For Tuesday

Noted Victoria horseman and retired British artilleryman, Maj. Arthur Grosvenor Piddington, 81, died suddenly Saturday at his home, 1100 Burnside West.

Funeral services will be held Tuesday at 1 p.m. at St. Columba's Church, Burnside Road, arrangement by Hayward's.

The ex-soldier retired to Victoria in 1925 and leaves a large family of survivors including the widow, Helen, at home.

He was born in Beauport, Quebec; and served in the Royal Horse Artillery during the First World War.

Maj. Piddington was the oldest B.C. graduate of Royal Military College, Kingston, until his death.

There are two sons, T. A. Piddington of Tacoma, and Rev. M. C. Piddington of Split Lake, Man.; five daughters, Mrs. E. Nixon, Victoria; Mrs. L. D. Cartwright, Mrs. G. Norris and Miss Helen Piddington, of Vancouver, and Mrs. N. W. Joyce of Cherry Point; four sisters and 10 grandchildren.

Burglars Busy Over Weekend; Rewards Poor

Service Stations Just Waste Effort

A house prowler got $14 cash but thieves at three other places drew blanks in weekend burglaries reported to city and Oak Bay police.

Nothing was taken by the burglar who broke a pane of glass in a large overhead door at Hillside Home Service, 1301 Hillside, after failing in a try to force a side door overnight Saturday.

It was the second service station break-in of the weekend, Stuart's Service, at Douglas and Frances having been ransacked Friday night.

At the Hillside station, the burglar used a shop screwdriver to force open a cash register that he first carried to the rear of the station.

Finding it empty, he knocked the register about to damage it.

At Jameson Motors, 740 Broughton, garage premises were entered Sunday night by taking moulding off a rear door, allowing access to an office which was ransacked.

NOTHING TAKEN

An attempt was made to remove a radio from a car in the garage, but apparently *nothing was taken.*

An apartment resident at 1140 Pandora reported to city police that someone had been *in her suite* and ransacked a dresser before apparently being *frightened off by her* return at 9.45 p.m. Sunday. There was *nothing missing.*

Police said the prowler went *through an open window* on the west side of the building, *escaping the same way.*

Oak Bay police said a prowler forced a rear door at the home of Miss Blanche Nelson, 330 Beach, and took $14 from a purse sometime before 8.35 p.m. Sunday.

THOUSANDS SWARM WATERFRONT

What Did They See? . . . The Coral Sea

Thousands of Victorians spent their lunch hour along the Dallas Road waterfront today to see one of the world's biggest warships drop her pilot at Brotchie Ledge and steam out to sea.

The 63,000-ton USS Coral Sea came within a mile of the shoreline at 12.30 p.m. on her way back from a successful goodwill visit to Vancouver.

TRAFFIC JAMS

Thousands of cars lined parking spaces along Dallas Road, creating traffic jams at various points.

Large knots of Victorians crowded vantage spots from Clover Point to Ogden Point for a view of the blue-painted giant of the seas.

They trained large and small telescopes, binoculars and naked eyes on the slow-moving carrier.

The unexpected return of Coral Sea made up for the disappointment of many Victorians who missed her in the fog when she picked up her pilot Friday. She was not expected to come so close to Victoria on her outward journey.

EASILY SEEN

Individual sailors were visible on her vast flight deck as she stood off from shore.

Coral Sea left Vancouver this morning with her crew jubilant over the welcome they received during the weekend visit.

"It was magnificent," said Lieut. G. O. Bernard, assistant air intelligence officer for the huge ship. "I'll vouch that if you were to poll the crew, they'd agree with that 100 per cent. We have never run across people so friendly."

The visit brought Vancouver a downtown traffic tie-up as nearly 15,000 persons went aboard the Coral Sea during a Sunday afternoon open house. Another 20,000 were turned away when an aircraft elevator being used to transport visitors from the hangar deck to the flight deck broke down, forcing limitation of the number of visitors.

AMERICAN photographer Robert Cohen will discuss his documentary film of life in Red China, first uncensored film brought to North America, when it is screened April 1 at Central Junior High School as an introduction to a new series of film-lectures planned by Greater Victoria School Board's night school division. Admission will be $1 per adult.

TUESDAY MEETINGS

Victoria Electric Club: Noon, Net Loft Restaurant. Annual election of officers.

Victoria Kiwanis: Noon, Empress Hotel. Jack Hann of Canadian Pacific Air Lines will show a film on Japan.

Victoria North Kiwanis: 6.15 p.m., Monterey Restaurant. Ambrose Prechti, Victoria University student and new arrival in Canada will speak on "My Country and Yours."

PRANK BLAST SPARKS HIGH WATER SPOUT

A loud blast and 200-foot water spout that startled Cadboro Bay residents Sunday afternoon is believed to have been a prank dynamite blast.

Oak Bay police said they were told of an explosion on the water at about the entrance to the bay at 3 p.m.

Boat owners immediately put out for the area and reported finding only part of wooden plank and "pieces of kindling" floating around the spot where one man said he saw the water geyser.

There was no evidence that a boat had blown up and police said it appeared someone had pushed out a plank with a stick of dynamite fused to go off when the board was a distance from shore.

MYSTERY WRECK

Coin Tagged As English, Circa 1859

A coin found in the Sydney Inlet mystery wreck examined recently by the Royal Canadian Navy has been identified fairly positively as an English penny of a type last minted in 1859.

The coin was found by AB Ivan Sherlock of the RCN diving team, and now is considered the best available clue to the identity of the wreckage in the wooden hull, located by an American skin diver south of Estevan Point on the Vancouver Island west coast.

MAINLY COPPER

The coin was turned over first to the Pacific Naval Laboratory, which determined its size at 1⅜ inches in diameter, and its composition mainly copper.

"We couldn't even be sure it was a coin," a navy spokesman said today.

If then was examined by the Victoria Numismatic Society, which carried identification to the value and approximate year.

BEST FACILITIES

Lt.-Cmdr. E. W. Cassels, curator of the B.C. Maritime Museum, who accompanied the diving team to the wreck aboard HMCS Miramichi, will send it to the Smithsonian Institution in Washington, D.C., Tuesday.

The institution, which will be told all circumstances of its discovery, has the best facilities on the continent for examination of rusted, corroded relics.

It was found under a mast of the ship, and was believed placed there for good luck when the ship was built.

21-Year-Old Sent To Jail One Year

James O. White, 21, of no fixed address, was sentenced in city police court today to one year in jail for being in possession of narcotics.

Magistrate William Ostler noted it was his first conviction for drug possession, but that he had "a history of breaking and entering, and I must take it into consideration."

White was found to have had capsules of heroin in a hotel room March 8.

Indian Festival Set May 22-23

Indian chiefs at a meeting held on the Songhees Indian Reserve over the weekend decided to hold their annual Vancouver Island Indian Festival on May 22 and 23.

Chief John Albany of the Craigflower Reserve said an effort will be made to have more B.C. tribes participate in this year's festival.

The May festival, he said, would be similar to last year's and will include war canoe races, sports and native dances.

CITY FINANCE COMMITTEE

Plastic Piping Urged for Arena

City finance committee today recommended approval in principle of a Memorial Arena Commission plan to replace ice surface freezing pipes with plastic lines this year.

Committee was told the project would cost about $50,000 and could be financed out of commission reserves and this year's profits. The existing pipes, imbedded in the floor, are leaking.

The plastic pipes would be placed over the concrete floor, *requiring raising of the hockey* rink boards.

Committee tabled a proposal for multiple polling stations this year pending a report from city clerk Frank Hunter.

The provincial government raised the ire of Mayor Percy Scurrah and Ald. Arthur Dowell again when committee was informed an amendment to the Municipal Act will cost the city at least $8,263 in taxes.

That was the amount paid last year by non-profit housing developments for senior citizens, now ruled exempt from provincial taxation.

Mayor Scurrah and Ald. Dowell, who fiercely opposed the proposal, reiterated that it will increase the burden on other taxpayers, including senior citizens on fixed incomes who own their homes. They added that the government should have extended the $50 home owners' grant for each unit in a non-profit development instead of exempting them from civic tax.

A purchase offer for a Chambers Street duplex, last of the seven houses moved off the new firehall site and renovated for sale, was received from Mrs. D. E. Rowland. City manager C. C. Wyatt was authorized to negotiate for a faster repayment plan than the 22-year term included in her offer of $11,000 with $1,000 down.

ANTIQUE TEAPOT used by United Empire Loyalists was shown by Miss Tea to Mayor Percy Scurrah today. Joan McDonald, 26-year-old Montreal model was dressed up in mid-17th century Sapphire blue costume for visit to City Hall as part of a nation-wide tour for the Tea Council of Canada.

TOPICS OF THE DAY

A Victoria construction worker was brought by ambulance over Greater Victoria Water District roads to hospital at noon today after being hurt in an accident with heavy machinery at about 11.30 a.m.

Edmund Stevens, 2646 Prior, was believed not seriously hurt.

He received head and hip injuries when a bolt on his ditch-digging equipment apparently snapped, allowing part of the machine to swing against him.

Stevens was employed at the Sooke Lake end of a new tunnel that will connect the lake with Japan Gulch reservoir.

Information officer of the English Speaking Union in New York, Hartley Howe, will address ESU members in the Douglas Cafeteria Wednesday at 8 p.m.

Saturday he addressed the western area conference at Seattle's Ranier Club which was attended by Lieutenant-Governor Frank Ross, Dr. Harry Hickman, president of Victoria University and Mrs. Hickman, and J. J. Timmis, Victoria branch delegates.

Slight fire damage to a shed was caused by children playing with matches at the rear of 388 Davida at about 2 p.m. Saturday.

Saanich fire department halted the blaze before it burned more than a wall and part of the floor.

Car radios, tools, parts and electric cable valued at a total $225 were stolen from parked cars on downtown streets or lots overnight Thursday and Friday.

T. V. Haverty, 1030 Colville, told city police an electric drill, set of wrenches, electric soldering iron and roll of TV lead-in valued at $150 were taken from his car parked between 10 and 10.30 p.m. Friday on Fort near Wharf.

The night before, Telmac Motors, 844 Fort, reported two radios worth $65 and a $10 steering wheel were taken from their cars.

New Indoor Planting Kits Make Gardening a Cinch!

By PENNY SAVER

Would you like to know how to cut gardening time to a minimum, enjoy golf and other hobbies, yet still have lots of brilliant flowers in your garden this year? Believe me, it's simple! Hardy indoor planter kits I've seen this week will allow you to get an early start. They take very little time to care for.

Colored plastic containers are packed with vermiculite and clear plastic tops have indentations above each of the 18 or more seeds that are already planted for you. To start seeds growing all you have to do is to punch hole at indentation and water.

After period of 24 hours, remove top and place kit on a sunny ledge or window sill. If you prefer indoor gardens, kits will form perfect solution. Instead of transplanting, keep plants in containers and add a little plant food every ten days or so.

Dahlias, delphiniums, marigolds, pinks, carnations, salvias and many other varieties are included in selection. Also available are tomatoes, green peppers and parsley. Kits sell for 49 cents.

If you've promised yourself a steam iron but have put off getting one because of the cost—this is the time to buy. Present downtown sale will allow you to buy a well known iron for just $13.59. Irons normally sell for $21.50.

Another electrical appliance that is a real bargain is electric saucepan, now reduced to $18.95. Former price was $27.95. Sale price is less than that of cost.

Saucepans are made of aluminum and are thermostatically controlled. Sturdy bakelite handle is complete with dial and index showing foods and their cooking times and temperatures. Large saucepan will hold three quarts.

It doesn't take a teen-age daughter long to realize that a touch of white in her ensemble will do flattering things for her complexion and general appearance. Dainty white collars, lavishly trimmed in lace, have just arrived. Designs are interesting and unusual. Collars, priced at 79 cents and $1, are wonderful value.

For names of stores where these items can be found, give Penny a ring at EV 2-3131.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Hubby Should Know

Saturday I called your attention to the great changes which have taken place in the attitude toward and the care of such feminine experiences as the menstrual period, pregnancy, delivery and menopause. Today I would like to suggest that one factor has been neglected. I am thinking of pre-menstrual tension.

Josephine

Some women do not experience this at all but most women will know what I mean when I say that even the best tempered woman often feels irritated, depressed, nervous or sensitive for a few days before her period arrives. The woman who is stable emotionally usually will be able to control this if she realizes why she feels that way.

I think that this is such an important factor in marital happiness that information about it should be a part of training for marriage. It would be very helpful to the woman if her husband understood why she is like that, and if she herself recognizes the cause, she will be able to control the results.

Premenstrual tension is a very real thing which varies in severity from slight to severe. Thousands of couples have unhappy times once a month and do not realize why even when they have been married 20 years or more.

If you would like to have my leaflet "Menopause" No. 32 or "The Menstrual Period" No. 31 send a stamped, self-addressed envelope with your request to Josephine Lowman in care of this newspaper.

DEAR ABBY

You HAVE Got a Problem, Child!

By ABIGAIL VAN BUREN

DEAR ABBY: My husband was an Air Force jet pilot who was blinded in a terrible accident last summer. I devoted twelve of the best years of my life to him and was horrified at the prospects of caring for a blind man for the rest of my life. So naturally I took the children and went to my parents.

He has since regained his sight, for which I am thankful, but the doctors have told us that his vision could be only temporary. My big problem is getting a divorce. Three lawyers have told me that I have no grounds. How would any girl like to be married to a man who might go blind at any moment? Don't give me a moral lecture, Abby. Just tell me where I can get a lawyer to handle my case. HELENE.

DEAR HELENE: If the marriage vows you took to cherish this man in sickness and in health mean nothing to you—and if you can be so heartless as to deprive your husband of his children, by all means ... keep looking. Somewhere there must be a merciful and understanding lawyer who will do your husband the kindness of freeing him from you.

* * *

DEAR ABBY: What do you do about people who say. "We might be over tonight—but we aren't sure."

My husband and I have missed out on several things because we never know whether these people are going to show up or not, but we have to stay home to wait for them.

Yesterday she called and said, "We might be over tonight," so I baked a very nice cake. They didn't show up so now we have to eat the cake ourselves before it gets stale and neither one of us needs the calories. How do you handle a situation like this, Abbey?

ANNOYED.

DEAR ANNOYED: When they say "they might be over"—ask them to tell you one way or the other. Tell them that if you know they aren't coming you won't bake a cake.

* * *

DEAR ABBY: I am 12 (I'll be 13 in May) and I go with a boy who is almost 16. My mother says I shouldn't let him kiss me on the lips. I think I should because I am five feet seven and look about 16.

How about it if I just let him kiss me on the cheek excepting when we say goodnight, and then let him kiss me on the lips? TOO YOUNG.

DEAR TOO YOUNG: No matter how tall you are and how old you look, you are still twelve. Listen to your mother.

* * *

CONFIDENTIAL TO DEAN: A new broom sweeps clean. Try to get one without an old witch on it this time, and start over.

AIRY SPRING MILLINERY FOR A PRINCESS

Light and enchanting as this the first day of spring, these white hats may well be included in Princess Margaret's trousseau. Hats were seen in London recently when Simone Mirman, Princess Margaret's milliner, showed her new models for spring and summer. The Princess will be seeing the new hats with their gay brims and exciting contours within the next two weeks. This hat at far left is of white felt and straw with the brim, a froth of tulle, dipping to the shoulders. Next, a brilliant brooch gleams in the crown of this swathed silk coolie hat. Wisps of veiling and a garland of white roses make an airy crown for wide brim of next chapeau. A cloche, made entirely of petalled flowers and trimmed with a black satin bow is worn by fourth model. Next, hat of chunky straw, ribbon-banded . . . again has that soft flattering brim. Light-hearted mob cap of spotted tulle is shown at far left. (Mirropic.)

Carnations and Hyacinths Deck St. John's Church for Wedding

St. John's Anglican Church was decorated with white carnations and hyacinths for recent wedding of Brigitta Helena Nilsson and Victor John Douglas. Bride is daughter of Mr. and Mrs. John Nilsson, 1017 Catherine Street. Groom is son of Mrs. Kathleen Douglas, 2271 Musgrave Street, and late W. H. Douglas. Canon George Biddle officiated at the double-ring ceremony.

Bride entered the church on the arm of her father. Her gown of pure silk was highlighted with sequined applique on the bodice and skirt. A crown of pearls and sequins held her elbow-length veil and she carried a bouquet of red roses, white carnations and hyacinths.

Ballerina-length gowns of pink organza were chosen by attendants Miss Lorraine Tadier, maid of honor; bridesmatron Mrs. J. Davies, and bridesmaid Miss Janice Butler. They wore pearl tiaras and carried bouquets of pink and white carnations tied with pink ribbons.

Petite flower girl Cheryl Noren was demure in a gown of white embroidered organza with underskirt of blue taffeta. She wore pink rosebuds and white hyacinths in her hair. Bouquet was of pink and white carnations.

Kenneth Dunderdale was best man and ushers were Brian Clayards and Robert Cross.

Red roses decorated the head table at a reception held in Golden Slipper Supper Club following the ceremony. Wedding cake was decorated with sweetheart roses. Alan Barker proposed the toast to the bride.

Several guests, including the groom's grandfather, A. Bassett, came from Vancouver, Kelowna, Duncan, Campbell River, Youbou and California for the ceremony.

For a honeymoon trip in California the new Mrs. Douglas wore a light brown suit featuring a mink collar. Accessories were in avacado green and beige tones. Two orchids, sent from Sweden by the bride's sister, and golden yellow roses formed her corsage.

On their return newlyweds will make their new home in Victoria.

Coffee-Sherry Party

Masses of spring blossom and flowers and dainty low bowls of miniature gardens enhanced setting for sherry and coffee party held by Women's Auxiliary to Veterans' Hospital at Sylvan Lane home of Mrs. R. D. Harvey recently. Receiving guests were Mrs. Harvey, Mrs. G. F. Homer and Mrs. E. Young.

Yellow freesia, feathered green carnations and shamrocks were used as decor for the head table. Presiding were Mrs. H. S. Rayner, Mrs. J. C. Allen, Mrs. J. H. Roberts, Mrs. Owen P. Fowler, Mrs. C. C. Warren and Mrs. D. E. Alcorn.

Mrs. E. Young was general convener. Assisting her were Mrs. Ian Douglas, sherry; Mrs. W. Penhallurick, coffee; Mrs. H. Jarvis, homecooking; Mrs. G. E. Lane, raffle and Mrs. E. G. Hart, publicity. Affair realized $190.

Holiday

Mr. and Mrs. Leonard Stelck of Murray Drive, recently returned from a holiday in Honolulu. The Stelcks travelled by air to the Hawaiian Islands, from Seattle. While there, they stayed at the Edgewater Hotel in Honolulu.

Opening lead—♠2

One of the features of Jacoby bidding mentioned from time to time in these articles is the 15-17-point no-trump. This is just one point less than the 16-18-point no-trump used by many players. If you decide to play 15-17 instead of 16-18 the change over is easy. Just add one point to all your responses.

One of the valuable by-products of the 15-17-point no-trump is that a player who opens with one of a suit and rebids to one no-trump guarantees that he does not hold 15 high card points.

Now look at today's hand. At all tables in a duplicate South opened one club. North responded one heart, South rebid one no-trump and it was up to North to act. Some North players bid two and others three no-trump. Those who played the Jacoby system passed.

All Wests opened the deuce of spades against whatever number of no-trump became the final contract and after struggling away all South players managed to make exactly seven tricks so that only those who played one no-trump received plus scores.

Why did Jacoby players pass on no-trump? Because 14 plus 11 equals 25 and you should have 26 to try for game.

Singing Jazz Group Features Jack Kane's Hour at 9.30 on 6, 2

By PHIL LEE, Times TV Editor

CASE FOR THE SCHOOLS—If ever there was *a case for closed circuit television* in Canadian schools it was the CBC's two hour long documentary covering the late William Lyon Mackenzie King.

If the premise drawn from the first hour of the two-part presentation is correct, that Canadians show an abysmal even criminal ignorance of their own history and the men who write it such as Mr. King, then it is time something concrete is done to rectify the situation.

Therefore if closed TV carrying historical documentaries by the CBC and the National Film Board is the answer then let's not count the cost in dollars. Let's install it.

To think that a man—forgetting political parties—could guide our fortunes for 21 years and then not be known by the masses 10 years after his death is, surely, unthinkable.

Personally I can't think of anything more beneficient or beneficial than history teachers priming their pupils with textbook data surrounding an historical Canadian and then winding up with a CBC or NFB film such as the one on Mr. King. Through such visual aids the words of the text would become something more than mere words and, instead, live in the minds of the student as something or somebody real and tangible.

As for the final 60 minutes I thought it kept nice pace with the first half although, at times, I was rather on the side of Prime Minister Diefenbaker that "since (spiritualism) hadn't been discussed (in Mr. King's lifetime) then I'd prefer not to discuss it now."

However, I suppose a public figure must be the same in death as in life—prone to public probings, to dissections, inquiries and assessments.

Out of curiosity: "Why wasn't former prime *minister Louis St. Laurent* among those interviewed? He must have known Mr. King very well indeed.

Meanwhile, thanks again to the CBC, to interviewer Douglas Leiterman and all those who took part for one of the most fascinating shows ever produced in Canada.

SMORGAS-BORGE—Dashing Dane Victor Borge presented a delightful treat, Friday night. No mean acquisition to the smorgas-Borge was winsome singer Jane Powell who, for this column's money, has the best musical-comedy voice in the business—bar none.

Her number with the Andre Tahon's puppets in the piano was sheer joy and underlines more than ever the wonder why Miss Powell hasn't been used more than she has. Although of late she seems to be coming more into her own.

Once again Mr. Borge treated us to his many talents, including his deft comedy and his musicianship. Unfortunately, however, there will be those in his large audience who will remember his first two solo shows for television that were so wonderful that nothing else he ever does may come up to the same unforgettable pitch.

Council Plan 'Worth Try' Says Scurrah

Mayor Percy Scurrah today gave qualified approval to a legislative committee report recommending formation of community councils for prevention of juvenile delinquency.

"Anything that will assist in *fighting the problem is worth* trying," he said, terming the suggestion "interesting".

Such a council would need "dedicated" participants with a sound understanding of the juvenile mind.

He said this latter concept "is what we are short of now."

The mayor said that in the February police report he was "struck" by the increase in delinquency, still out of ratio to the increase in population.

"Any help we can get—and the council idea is a new one to me—should be worthwhile."

Saanich Theft Terms Quashed

Ronald Victor Morry and Edmond Keith, jailed last fall on a breaking and entering charge laid in Saanich, have had their convictions quashed by the B.C. Appeal Court in Vancouver.

They were found guilty by Magistrate A. I. Thomas of breaking into Growers' Wine Co. Ltd. in October.

Morry was sentenced to two years and Keith to six months definite and eight months indefinite.

The Appeal Court ruled there was not sufficient evidence that Morry and Keith took part in the raid on the winery.

TRAFFIC FINES

In Sidney RCMP court Saturday:

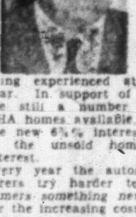
Let's talk REAL ESTATE
By JACK MEARS
NEW HOMES



We all know that new housing starts this year are far below the starts in the same period of 1959. This is largely due to the shortage of NHA funds, but in my opinion it is also due to a lesser demand for new housing than was being experienced at this time last year. In support of this view, there are still a number of new, unsold NHA homes available. Some say it is the new 6¾% interest rate, yet most of the unsold homes are at 6% interest.

Every year the automobile manufacturers try harder to give the con*sumers something new to compensate* for the increasing cost of this product. Some new comfort, convenience or saving gimmick. The smaller houses we are offering for sale today are of the same design and offer the same benefits as those built five or more years ago. Do not misunderstand me, I am not talking about architecture or the lack of it. I am referring only to the benefits of 1960 model homes as against those of a few years back. For the past few years we sold new homes in many cases because they have been easier to finance and buy than existing homes. I now feel we have got to show the public that we can give them new conveniences also. For a start, how about kitchens? The design of kitchen cabinets has changed little in the past few years and a tremendous amount of usable space is wasted by nearly every builder which could be made into excellent storage cupboards at little or no extra cost on the over-all price of the average home. Bathrooms have hardly changed at all and can be made much more convenient and much easier for the housewife to clean.

The 1960s are, I am convinced, going to be good years for both builders and realtors, but competition is going to be stiff. The cream of the market will go to those home producers and home merchandisers who work closely together to give the public what they want.

3 OUT OF 5 TOP PLACES

Victorians Shine In Bridge Tourney

Victoria bridge players very nearly took the top three places in the open pairs section of the fourth annual Totem Tournament which ended three days of play Sunday at the Empress Hotel.

Winners were Tony Marsh and Gard Hay; Dr. Simon Marinker and Gordon Rodger; Molly Collins and Bill McConnell. All are from Victoria except Mr. Hay, Spokane.

First two places in the team-of-four event went to Vancouver players.

They were Edith Bonnell, Adrian Hicks, Lily Hills and Val McMillan, first; Norman Turnbull, Eric Stark, Lisa Strebinger and Max Stacklees, second.

Placing third were Gard Hay, Spokane, and Victorians Otto Leesment, Les Stewart and Tony Marsh.

BEST OF NORTHWEST

Nearly 250 bridge players from the Pacific Northwest participated.

Earle Adams and Adrian Hicks of Vancouver won the men's pairs. Eric Goodwin and Jim Duprau of Victoria were runners-up.

Winners of the women's pairs were Mrs. Isabel Kelly and Miss Laura Tingley, both of Victoria.

Mrs. Jean Moscrop and Mrs. Louis Brown of Vancouver were second while Mrs. Elizabeth Warren and Mrs. Trew Abels of Victoria placed third.

$300,000 Radio-TV Study Set

QUEBEC CITY (UPI)—The Canadian Association of Broadcasters and the University of British Columbia are establishing a $300,000 fund for a research project on the impact people and communities have on radio and television programs, it was announced today.

The plan was outlined by CAB president Malcolm Neill, owner of radio station CFNB of Fredericton, N.B., at the association's annual meeting. He said the CAB already had given $10,000 and the university $5,000 toward the fund.

FIRE POWER—Oil for the lamps of China will produce not only light but electricity these days. This is a Russian-built thermoelectric generator, used to convert heat from a kerosene lamp into electricity for radios in remote Asian areas. A series of thermocouples is arranged around the top of the 20-pound device. As they are heated, a small amount of current is generated. Metal fins remove the excess heat.

'REALLY AMAZING'

Tears Roll On Portrait Says Priest

HEMSTEAD, N.Y. (UPI)—A Greek Orthodox priest said today that he and several hundred other persons saw tears form in the eyes of a printed portrait of Mary in the home of a devout young couple who are among his parishioners.

"I myself did see this lithographed icon twice show tears with actual tears," said Rev. George L. Papadeas, pastor of St. Paul's Greek Orthodox Church here. He described it as "a really amazing phenomenon."

Father Papadeas said the icon was in the home of 23-year-old food shop counterman Banagiotis Catsounis and his wife, Pagora, a 22-year-old seamstress.

"It is truly amazing," Father Papadeas said. "The tears actually form at the tear ducts and they roll right down about an inch from the bottom of the icon where they dry and leave stains.

67th Scots —Minus 8— Get Together

Sixty-five veterans of the 67th Battalion, Western Scots of Victoria who sailed for overseas March 24, 1915, held their annual reunion Saturday in the Fort Street Moose Hall.

Eight former comrades had died since last year's reunion.

Oldest veteran was William N. Goldie, 84, of 537 Broadway, Victoria.

Old soldiers from out of town included Capt. George Linney, the unit's adjutant, from Edmonton; W. E. Fraser, Prince George; William Lovelock, San Leandro, Cal., and W. Dunlop, from Oakland.

Jock Lowe, Duncan, one of the two surviving members of the Western Scots Pipe Band, piped the gathering to their places, assisted by his son John. Cecil Heaton presided at the piano for the 40th time at the annual gathering.

No Recognition

TAIPEI, Formosa (Reuters)—American ambassador Everett Drumright said Sunday the United States will continue "to support the policy of non-recognition of Communist China." He said that all the American ambassadors in Asia, who met recently in the Philippines, agreed the policy was "the only one possible that could be taken in the circumstances we face."

ISLAND ARTS, CRAFTS AT GALLERY TUESDAY

An Art Gallery reception for members and participants will be held Tuesday evening to mark opening of exhibitions featuring works of Vancouver Island artists and craftsmen.

The 10th annual jury exhibition will show 53 works chosen from an entry of 214. Judges will be Dr. William Dale, Vancouver Art Gallery director, and Arnold Burrell and William Mayrs, both well-known Vancouver painters and teachers.

About 50 pieces will be displayed by the Victoria Handweavers' Guild at the same time.

Drapes, stoles, place mats, cushions and other items will be shown.

Gordon Head School Building Set to Go

Construction of the Gordon Head Junior High School will begin immediately, a Greater Victoria school board official said today.

Contract for the building was awarded to Cloverdale Construction Co. of New Westminster which bid $579,562 for the job. It was the lowest of six tenders.

The new school, on Gordon Head Road north of Ruby Road, is scheduled for completion by Aug. 27.

It is the final project of the $4,000,000 three-year building program approved by ratepayers.

The school will be a two-storey concrete building containing 18 classrooms, a gymnasium-auditorium and a lunchroom.

Helen Keller Friend Dead

BRIDGEPORT, Conn. (AP)—Polly Thomson, 75, companion of Helen Keller, the famous blind author, died in hospital Sunday night after a long illness.

She had lived with Miss Keller at the author's home in Easton, Conn.

Born Mary Agnes Thomson, in Glasgow, Scotland, she became generally known as Polly.

In 1913 she came to the United States. In October of the following year she was brought to the attention of Mrs. Anne Sullivan Macy, teacher of Helen Keller.

KIWANIS SALE SATURDAY

Boost for Swim Pool

A heated outdoor swimming pool to cost a minimum of $55,000 is planned by the Oak Bay Kiwanis Club for Firemen's Park.

The project has been under consideration for at least two years, and first positive action has now been taken to raise funds.

A drive Saturday among residents netted numerous donated household and garden tools—including nearly 50 lawn mowers—which will be sold next Saturday in the Oak Bay Scout Hall.

(The Scout and Guide Hall was also built as a result of Kiwanis fund-raising.)

HOPE FOR SURVEY

Kiwanis spokesman Jack Burgess said if the sale brings in sufficient returns, a preliminary survey will then be taken of the property adjacent to the firehall and working drawings arrived at.

"We hope the people of Oak Bay will come and support our sale. Every dollar counts," he said.

Tentative plans call first for an outdoor pool, later the pool will probably be glassed in.

On completion it would likely be handed over to the municipality.

PEOPLE MAKE THE DIFFERENCE
"I know you'll really enjoy our kind of service"
"We call it interested service. That's simply because so many of us really enjoy meeting people. We like to take all the time necessary to help you with any of your banking problems, or to answer any questions you may have. I guess you could sum it all up by saying that the people at Toronto-Dominion are never too busy to be helpful."
Allan Cockerill started his career with "The Bank" 13 years ago in St. Boniface, Manitoba. Since then he's served in many of our western branches. At present he's Accountant at our 4th and Burrard St. Branch in Vancouver. Allan takes an active interest in many things. After hours he spends a great deal of time persuing his favourite hobby, oil painting. He's also an avid curler and a member of a top-flight bowling team.
Like all the men and women you'll meet behind the counter of your nearest Toronto-Dominion branch, Allan takes a great deal of pride in offering you courteous, efficient service. That's why you'll notice a wonderful difference when you bank regularly at your neighbourhood branch of "The Bank." Why not visit one soon and see for yourself why . . .

SOLUTION WEDNESDAY

ask Andy
HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then ask Andy. Andy will answer questions submitted by child readers and those who submit the questions he selects to answer will receive worthwhile prizes. The youngster who asks the first question answered each day receives a 15-volume set of Compton's Pictured Encyclopedia (Canadian edition) and of the second question a Hammond Atlas or Globe. Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of **Compton's Pictured Encyclopedia** to Bonnie Kinney, aged 12, of Williamsport, Penn., for her question:

Are People Really Going Into Space?

The papers are full of the news and almost every young person day dreams of becoming an astronaut. For this is the greatest dream that mankind has ever had—and it belongs to all of us. Maybe you or your children, certainly some of your descendants will some day cross the oceans of space and visit other worlds. Because it is the biggest dream men have ever had, it is the hardest one to make come true. So far we have, as it were, only tossed a few little toy boats into the ocean of space.

But this is the age of scientific method. We use mathematics and many other skills to profit by our mistakes. Some time in the dim past, early man learned to float on a log. From this early start, it took him untold generations to build a boat. For he used the clumsy old method of trial and error. He did not figure out the principles of floating in a craft and then work to make those principles practical.

True, there is a lot of trial and error in our missile programs. We seem to hear of more failures than successes. But we are not going to take countless generations to work out this problem. Science tells us that it can be done and our experts are going to do it as soon as possible. We are told that the experts may be able to put a man into space by 1970.

Worry About Next Step

Right now, we are on the threshold of the greatest advance man has made. And mankind does not give up his *dreams. If he fails, he tries again. If he fails completely, someone else tries.* Finally, he succeeds—things have *always been that way.* So, we may all be sure — very, very *sure* that some day, men are going into space.

Andy still gets a *few* letters from friends who wonder *whether it is wise for mankind* to go into space. There have always been people who wondered whether the next step *forward was a wise one.* Poor old Columbus had a lot of trouble with people who thought this way.

Most people in those days knew that the world was round. Columbus, of course, wanted to find a short cut to the spice islands in the east by sailing westward around the round world. He wasted eight years of his valuable life trying to persuade somebody to finance his ideas.

Sad to say, Columbus did not find India or the West Indies. Instead, he found the New World which turned out to be far, far richer than anyone had ever dreamed. Space travel may turn out the same way, who knows? The bold astronauts may zoom off to Mars, expecting to find all kinds of scientific data. There will also be the great triumph we shall all feel when man conquers space. But who knows, they may find rich ores and minerals. They may, like Columbus, even find a new world for man to colonize. All *these wonderful things* are not only possible, they will most *probably come about.*

Mouth Breathing Best Life Saver

VANCOUVER (CP)—Mouth-to-mouth breathing has been recommended by the B.C. Medical Association as a standard artificial respiration technique in B.C.

The current issue of the B.C. Medical Journal contains a report on a survey of research work on the controversial subject.

Anesthetists who examined *all standard methods of respiration concluded that "direct artificial respiration has disadvantages,"* the Journal reported, *"but it has been proven the most efficient, simple and reliable means of saving lives—and that is what counts."*

The method includes other means besides mouth-to-mouth breathing. Among them are breathing either through a tube or mask into the victim's air passages, squeezing air or oxygen into his lungs with a bellows, or breathing directly into the nose.

The article finds fault with all other standard methods, mainly because they involve delay in moving the victim to a level surface.

Other methods, it adds, can also cause serious injury to an accident victim who may have broken ribs or a fractured spine.

Copies of the report have been sent to safety councils, life-saving agencies and other *interested organizations.*

IT HAPPENED LAST NIGHT

By EARL WILSON

LAS VEGAS—Thank goodness, there's one comedian here in the desert who gives us something cultural and thought-provoking.

Because anybody who comes to Las Vegas to gamble is naturally a brilliant brain almost to the point of being an egghead.

Young Dick Shawn, over at El Rancho Vegas, has thought things through. Now comedians Jimmy Durante, Milton Berle, Jerry Lewis and Shecky Greene are wonderful — but are they deep thinkers?

* * *

"Twenty years from now, we'll all be one world," Shawn *solemnly prophesies* to audiences hanging on to every word. *"If we have our way* and Russia doesn't, it'll be called 'The United World of America'. The land will eventually sink and the water will rise over it. The Atlantic and Pacific oceans will run together into one ocean, which will be known as 'The A. & P'."

* * *

Shawn's on a show starring one of the most beautiful girls in the world, Rhonda Fleming. My B.W. says she's prettier than when we first met her at the opening of the Houston Shamrock Hotel a dozen years ago. Rhonda wanted to make clear to me that she's never dated George Jessel, as reported.

RHONDA FLEMING
George Jessel? *no*

GRETA GARBO
. . . memoirs? *no*

"I'm too old for Georgie," she pointed out.

Shawn, I believe, is coming to the front. (He believes so, too.)

He now has homes at Englewood, N.J., and Miami Beach, and has been signed to a five-year movie contract based on his performance in *"Wake Me When It's Over,"* which is to be premiered at El Rancho April 11.

"And the day I made the *picture deal,* what happened? I went on strike."

* * *

Shawn has one other serious thought he passes along to you deep thinkers, when he does an Elvis Presley routine. "Singers don't need voices," he says. "They need strong legs. I can see a manager telling his singer, 'Man, your voice is still all right, but you're washed up. Your legs have given out'."

Think this over folks. Or is it too deep for you?

The Midnight Earl in N.Y.

. . . Teen-age idols Frankie Avalon and Fabian visited the Metropolitan Opera, went backstage for tenor Richard Tucker's autograph. (They'll return soon with Pat Boone) . . . A N.Y. pin-up photo firm got an order for 200 pictures from an old client — ex-King Farouk . . . Anna Maria Alberghetti's sister Carla is acting romantic with singer-actor Dick Kallman.

Greta Garbo turned down a $50,000 advance for her memoirs, says she'll never write 'em.

HEART DISEASE ---Where We Stand

By OGLESBY PAUL, MD

President-Elect, American Heart Association

CHICAGO (NEA)—Heart and circulatory disease is the foremost health enemy of North America, but is it increasing or decreasing? To answer this question, we must look briefly at the various types of cardiovascular disease.

Rheumatic heart disease has been declining—thanks partly to improved means of treating and preventing streptococcal infections which "trigger" an attack of rheumatic fever.

With coronary heart disease (the type causing angina pectoris and "heart attack") there has been some increase. This is due both to the fact that we are living to an older age, and to a true increase for which the reasons are not entirely clear.

High blood pressure with its complications does not appear to be lessening, and, with an older population, strokes have increased in total numbers.

Congenital heart disease would seem to be increasing. This apparent increase may simply be due to the fact that we are able to diagnose inborn heart defects more accurately.

Diagnosis

Just where we are now in the diagnosis of cardiovascular disease?

Because of the dramatic progress made during the last 20 years, precise diagnosis is possible in many of the patients with significant difficulty.

The patient with a serious "heart attack," the blue baby, the child or adult with rheumatic heart disease, and the man or woman with high blood pressure can almost always be diagnosed accurately. We have newer methods of X-ray, improved understanding of the electrocardiogram, techniques permitting measurement of pressures and blood characteristics inside the heart and newer ways of analyzing blood samples.

However, we are far from perfect in our diagnosis of the beginning or early stages of some types of heart and blood vessel disorders.

Treatment

Where are we now in treatment with drugs?

In congenital heart disease, drugs are of limited value and cannot cure the basic condition. In acute rheumatic fever certain drugs, notably cortisone and similar substances, are decidedly helpful and may be life-saving, although they do not actually cure the disease or necessarily prevent heart damage. With penicillin and the sulfa drugs, we have wonderfully potent substances to prevent further attacks of rheumatic fever.

In high blood pressure, some patients need no treatment. For those who require medicine, several effective drugs are now available, including rauwolfia, chlorothiazide and hydralazine.

In coronary heart disease, medicines (anticoagulants) to retard blood clotting are used in treating acute heart attacks and preventing repeat attacks with definite but not 100 per cent success.

Diets

Where are we now in treatment with diet?

A restriction of salt (and all food substances containing much sodium) is at times of great value in those situations where the heart has become weakened and fluid accumulates in the lungs, abdomen and legs. Occasionally, it is also useful for the patient with high blood pressure.

A reduction in fat intake has been advocated by many as one means of limiting hardening of the arteries (arteriosclerosis) which leads to strokes and coronary heart disease. A moderate reduction appears to make good sense and has been adopted by many physicians in their own diets.

Surgery

What about surgery?

Brilliant results have been obtained in correcting congenital heart disease with various surgical procedures. But surgery cannot cure all types of congenital heart conditions. Many are cured, many are greatly or moderately helped, and some cases are too complex for help at present.

In rheumatic heart disease, surgery is useful where the heart muscle is not greatly involved and the difficulty is chiefly one of damage to the valves. Wonderfully successful results have been achieved with operations on partial closure of the mitral valve.

Surgery also can be highly effective in relieving certain cases of high blood pressure which have an identifiable cause such as a tumor of the adrenal gland or a block in an artery.

Negroes Mown Down By S.A. Machine Guns

12,000 Protest Identity Cards

JOHANNESBURG, South Africa (CP) — At least 50 persons were killed and 150 injured today as police battled thousands of Negroes in riots touched off by a Negro campaign against being required to carry identity cards.

A police official estimating the casualties in the day-long fighting said the figures of 50 dead and 150 injured were "the nearest they can make it at present."

An estimated 12,000 Negroes besieged a police station.

Officers inside opened fire with rifles and machine-guns. Eye-witnesses said the front ranks of the crowd went down like tenpins.

Brig. C. J. Els of the Witwatersrand police gave a casualty figure of 30 dead and 100 wounded and said that was a conservative estimate.

One police officer described the scene: "A world war battlefield—bodies lay mangled and sprawled all around." A Johannesburg photographer commented: "I took pictures of more bloodshed than I have ever before seen in South Africa."

Prime Minister Hendrik Verwoerd told Parliament that 25 were killed and 50 were wounded at Sharpeville, 36 miles south of Johannesburg.

The barrage drove back the crowd, leaving dead and wounded in the streets. Police called in armored cars and jet fighter planes to break up the demonstration.

It was part of a national campaign billed as non-violent and aimed at abolition of the passes that all non-whites in South Africa must carry.

Opened Fire When Stones Flew

But violence erupted at Sharpsville, a native quarter near Vereeniging, which is 30 miles south of Johannesburg.

Two hours after the shooting, ambulances still were running back and forth to hospitals in Vereeniging. Hospital officials refused to disclose casualty information.

About 25 police were besieged inside the police station by the Negroes. When the Negroes began to stone the station, the police opened fire.

The rioting was part of the start of a Negro passive resistance campaign to tie up the country's commerce and industry.

Demonstrators in Johannesburg, Capetown and other cities marched to police stations without their passes and dared police to arrest them.

Drastic measures were taken in Vereeniging after tear gas failed to break up the crowd, enraged by the killing of one Negro leader and the wounding of at least four others. The mob had tossed stones and injured several policemen.

Then thousands of men and women, shouting the nationalist cry "Afrika," besieged Sharpeville police station. Sharpeville is a native location where thousands of Negroes live.

Jets Dive to Frighten The mAway

Jet aircraft screamed down in attempt to frighten away the Negroes. At nearby Bophelong, police made baton charges and used tear gas against demonstrators.

Police described the situation as tense and sent armored cars to patrol Negro townships.

The crowd had gathered at Sharpeville to be arrested for not carrying passes. It got out of hand and stoned an automobile carrying senior officials of the local African affairs department. Police were then called.

Mobs stoned police cars at Bophelong. Two Negroes were wounded when police opened fire. Several police were hurt.

The pass campaign, proclaimed by the Pan-African Congress, failed to slow business and transport.

Congress President Robert Mangaliso Sobukwe had called on all Negroes to leave their compulsory passes at home, invite arrest and thus clog courts and jails and stop business. The idea is to prove that local business and industry cannot operate without low-cost Negro labor.

Police Ignore Plea for Arrest

But Sobukwe himself was ignored by authorities when he marched into Orlando township police station outside Johannesburg with 30 supporters. The incident had its comic opera aspects. Sobukwe went from office to office at the police station pleading to be arrested.

The police chief made him wait outside for hours. Sobukwe said if they refused to arrest him today he would return Tuesday.

By law, all non-whites must carry passes when away from home as part of South Africa's strict racial segregation laws.

The Pan-Africanist congress is a militant offshoot of the African National Congress of South Africa. National congress leaders said the pass campaign was not properly organized and had little chance of success. They refused to support it.

BUDGET MARCH 31 . . . WILL IT BE BALANCED?

OTTAWA (UPI) — Finance Minister Fleming announced today he will bring down his 1960-61 budget Thursday night, March 31.

There has been considerable speculation that the 1960-61 budget will be a balanced one, the first of the Conservative government since it took office in 1957.

SMUGGLERS?

Cuba Downs U.S. Plane

MATANZAS, Cuba (UPI) — Cuban revolutionary troops shot down a Florida-based plane near Matanzas today and captured its wounded pilot and his co-pilot, both Americans.

The pilot, who was shot in the leg, identified himself as Louis Howard, 33, an automobile salesman from Miami.

His co-pilot was identified as Bill Chigalli, about 35, also believed to be from Miami.

The co-pilot at first refused to make any statement to his captors, demanding: "First I want to talk to Fidel Castro."

He was taken to Havana for questioning.

Howard was interviewed at the military hospital near Matanzas where he underwent surgery for the removal of two automatic-rifle bullets from his foot. He emphatically denied accusations that he was trying to smuggle out anti-Castro Cubans.

He said he was returning to Miami from a fishing trip when his compass went off. He said he was flying along the northern coast of Cuba in an attempt to get his bearings when Cuban troops opened fire.

Four Cubans including a former police official and an army officer were captured near where the plane came down.

A BLONDE, YET

Communist Spy Caught at UBC?

TORONTO (UPI)—The Telegram said today a 33-year-old blonde lecturer at the University of British Columbia is being deported from Canada as a Communist spy.

The newspaper said it had learned the woman, of Russian parentage, has previously been deported from Nationalist China, Japan and Brazil because of her espionage activities.

However, it said the immigration department would confirm only that she has been ordered deported because she doesn't meet Canadian qualifications for permanent residence.

In Ottawa, an immigration department spokesman said the woman involved was Miss Irene Rebrin. He said, however, that it was strict department policy not to reveal the reasons for deporiation actions.

According to the newspaper she has been given the option of "voluntary" departure and the department has set April 15 as the date when she must be out of the country.

Before moving to UBC where she teaches Russian in the department of Slavonic studies, she was employed in the library and taught Russian at the University of Toronto.

The woman was said to have been under RCMP surveillance almost from the time she entered Canada as a landed immigrant in 1958, the Telegram said.

It quoted reports as saying her parents were Russian traders on the Chinese mainland and she was schooled in Communism from early girlhood.

Destroy A-Stockpiles First, Russians Urge

(Times News Services)

GENEVA — Russia refused today to outlaw outer space for military weapons unless the western powers eliminate their whole nuclear stockpile at the same time.

A Russian delegate to the 10-nation disarmament conference here also rejected a Western proposal for an immediate freeze on American and Soviet armed forces.

"It is a step backward, not a step forward," Soviet spokesman Alexie Roschin told a news conference.

The Soviet stand was disclosed after the West earlier had called on Russia to join it in banning nuclear rockets and scrapping existing nuclear warheads.

The United States will not pull its troops out of Europe until that and other vital stages in any east-west disarmament agreement are completed, with the West also stating that an international force will be needed to keep the peace even after both sides have cut their forces to police levels.

'Only Part of Whole Nuclear Problem'

In rejecting the Western proposal that outer space be declared off limits for weapons of destruction before any are built and shot beyond the earth's atmosphere, Roschin declared that "space is only part of the whole nuclear problem."

Roschin then repeated a Soviet offer made to the disarmament conferees this morning to begin disarmament with a full prohibition of nuclear weapons and the destruction of those now in existence.

Western delegation spokesmen said they did not consider the Soviet proposition to be significant because it still ignored the world arms audit the Western powers say must precede and the controls that must accompany any significant reductions of arsenals.

ON SMALL TESTS

Four-Year Moratorium Proposed

GENEVA (Reuters) Russia today proposed that East and West should voluntarily suspend small nuclear tests for a period of "from four to five years" while a foolproof method of detecting them is worked out.

Sources at the conference on banning nuclear tests said Soviet delegate Semyon Tsarapkin suggested the four-to-five-year "moratorium" on small tests to the United States and Britain.

The three delegations met to discuss Russia's acceptance Saturday of a phased ban on nuclear tests.

The Soviet proposal called for an immediate treaty outlawing all readily detectable tests.

'Not Worthwhile' Asking B.C. To Admit Tubercular Refugees

BY TOM GOULD

OTTAWA — British Columbia and Alberta have been ignored in the second phase of the program to bring tubercular refugees and their families to Canada.

The program was initiated as Canada's main contribution to world refugee year—an attempt to clear out the refugee camps in Europe that were established at the end of the Second World War.

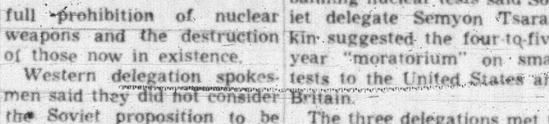
B.C. and Alberta were invited to take part in the initial program, under which 100 tubercular refugees were brought to Canada.

B.C. did not answer the federal government's invitation for weeks. When newspapers reported his failure to reply, Premier Bennett said the number was too small and dashed off a letter calling for a federal-provincial conference on the question of refugees.

Alberta Premier Manning replied, but said his province was not prepared to contribute to the cost of the refugee program.

In view of the two western province's refusal to take part in the initial program, the federal government, it was learned today, did not bother to contact them when it was decided to extend the program.

A federal spokesman said "it is noteworthy that the two provinces with Social Credit governments declined to participate. We decided it wasn't worthwhile contacting them when it was decided to extend the program."



Seems that now even outer space is a threat t' our inner peace.

POISONED ARROWS IN NIGERIA

LAGOS (UPI) — Natives armed with bows and poisoned-tipped arrows clashed with police at the village of Obi, the Northern Nigerian government said today.

Unconfirmed reports from the area, which is some 400 miles northeast of here, said that eight persons were killed when riot police opened fire at mobs that formed in the wake of tax riots which began last week.

A press statement issued by the Northern Nigerian information service said a police squad was surrounded by a crowd of 500 men armed with bows and arrows.

The statement said the rioters refused to lay down their arms and disperse. And the police then were forced to open fire, "and a few casualties were inflicted on the rioters."

PEAK TONIGHT

Floods Still Rise In Florida

TAMPA, Fla. (AP) — The Hillsborough River inched toward its highest crest today in a flood which brought hardship to thousands and caused millions of dollars in property damage.

Disaster officials expected the river to reach its peak of three feet above flood-stage by nightfall at a dam five miles north of Tampa. Homes have been flooded both above and below the dam for two days.

Water stared receding in the fashionable Forest Hills section four miles west of the river after a twice patched-up levee withstood pressure from a swollen lake.

Sheriff Ed Blackburn estimated that more than 7,000 persons evacuated homes in the area from Thursday to early today.

Added to the Tampa total for central Florida's worst flood in years was the Red Cross report that high water affected 4,000 residents in seven other counties. Three deaths have been attributed to the flood.

A three-day storm last week caused the flood. Rainfall totalled 25 inches at one point 30 miles north of Tampa.

UP, OVER, ACROSS AND THROUGH

Three sets of wheels enable this strange vehicle to scoot through ditches, scramble over four-foot walls, climb 45-degree hills, swim rivers and even cruise sedately on the highway at 55 m.p.h. Its Swiss makers call it a rough-terrain vehicle, and it's currently being put through the paces at Battle Creek, Mich., to see just how rugged it is. To climb obstacle, left, front wheels of the "hop-rod" are raised hydraulically. The vehicle next pulls itself up onto the middle wheels. Then, front wheels down and back wheels up and over. Right, middle wheels are raised for highway travel.

Markets Close on Up Side For First Time This Year

By GREG MacDONALD
Canadian Press Staff Writer

Canadian stock markets closed higher last week for the first time this year as investors came away from the sidelines to take advantage of a spurt in the western oils section.

A rumor, which caught on last Friday, that the National Energy Board would hand down a decision shortly on the natural gas exportation hearings conducted in Ottawa last month, shoved western oils ahead for the first time in months.

The surge in the oil prices picked up refining oil issues on the industrial side and as a result the industrial index closed the week with a gain of more than five points.

However, the market is still at a low level and the bond market remains as one of the biggest deterrents. A $200,000,000 Government of Canada issue announced Monday was readily absorbed and prices continued the strong advance experienced during the last several weeks.

Another drawback on the market is a lack of interest by U.S. buyers.

CHANGE IN WIND?

Despite these deterrents, many brokers felt that the current slide has about run its course and that investors are once more on the lookout *for deflated common stocks* with the hope that a stretch-out-boom will present profit opportunities.

Oil refinings had the best week on the Toronto industrial board. *Of the 13 listed stocks,* nine advanced, three declined *and one remained unchanged.* Seven of 10 paper stocks *showed gains, while only one* went down. Two were unchanged. *The five manufacturing issues showed gains but* all three liquor stocks went down.

Most of the copper stocks advanced with the exception of Kilembe, which was hit by a wave of selling brought about by rumors of secondary offering. Golds were generally higher, as were uranium issues.

A total of the 24 of the 40 listed western oils went ahead on much activity and gains were good.

Index changes at Toronto: Industrials up 5.19 at 487.02; golds up 1.13 at 89.15; base metals up 2.85 at 158.43; and western oils up 4.62 at 100.73.

Index gains at Montreal: Banks 0.83 at 53.06; utilities 0.3 at 138.3; industrials 1.5 at 281.7; combined 1.1 at 233.9; papers 4.1 at 414.1; and golds 3.75 at 78.34.

PEACE RIVER POWER

Final Attack By CCF Fails

Premier Bennett reiterated Friday that there is no "give-away" in the proposed private hydro-electric development of the Peace River and declared there was no agreement where the people's interests were better protected.

The premier jumped to his feet in the legislature as the CCF opposition made a last-ditch attack on the government's plan to have the Wenner-Gren-backed Peace River Power Development Company undertake the giant development.

The debate came on a motion by CCF leader Strachan calling for the tabling of the company's feasibility report, which now is being considered by the provincial water comptroller. The comptroller will make a recommendation to the government for or against the plan by the end of March.

The premier said the CCF continually talks about give-aways to private interests, but according to Prime Minister Diefenbaker the CCF government of Saskatchewan was guilty of that very thing.

'SMEAR, SMEAR'

In the Peace River plan, the premier said not an acre of ground has been given to the Peace River Company. There was no private reserve on minerals.

"The CCF are just trying to scare the people," he declared, "with a policy of smear, smear, smear."

Mr. Strachan said refusal to comply with his motion was a "shocking display of government integrity." They were denying the people the right to see a report that would affect them. The premier obviously was "running from fear" — a remark which brought howls from the cabinet benches.

Mr. Strachan said the government was arrogant and was afraid its duplicity would be exposed. He was made to withdraw the word duplicity as unparliamentary.

WEEK IN BUSINESS

Trade Moves Highlighted U.S. Activity

By JACK LEFLER

NEW YORK (AP) — Broad moves to improve the United States' foreign trade highlighted business development this week.

President Eisenhower, in a special message to Congress urged "a more vigorous effort by both government and business to improve our capacity for international competition."

The government also announced it would guarantee American exporters against losses arising from "political risks" including currency restrictions, confiscation of property or funds, war and civil uprisings.

The labor department reported employment in February rose by 500,000 to 64,520,000. The total was a record for the month and 1,800,000 more than a year ago. Unemployment dropped by 218,000 to 3,931,000.

PERSONAL INCOME

Personal income in January was at a seasonally adjusted rate $393,000,000,000. This was $200,000,000 above the previous January high.

There were some adverse developments: Private housing starts last month dipped eight per cent to an annual rate of 1,115,000. Bad weather disrupted the marketing pattern for beef cattle and hogs and prices went up.

Wholesale food costs registered their biggest weekly gain of the year.

Park Improvements Planned This Year

City parks committee Friday approved 1960 estimates totalling $585,962, up by $166,192 from last year.

Only change made in the estimates after a two-hour scrutiny was deletion of a $300 duplication before the parks budget proposals were submitted to council.

About $124,920 of the increase is proposed for parks development and improvement at Beacon Hill, Topaz, Pemberton and some 31 smaller parks.

Among suggested projects were: Grading, irrigation equipment, playground equipment and a comfort station for Pemberton Park at a cost of $17,390; $2,820 for dressing up the city's Cormorant Street parking lot with trees and other landscaping, and $27,055 program of development at Topaz Park.

The $18,255 improvement program for Beacon Hill Park would include:

Some $350 for completing landscaping of the Queen Elizabeth bust site; $330 for a carved log entrance sign; $560 for a path by the World's Tallest Totem; $550 for a pool at the low side of the old bandshell; $460 to straighten the Lovers' Lane intersection, and $1,540 for rock removal at the present bandshell site.

CHAMBER CHIEF — Arthur H. Motley, New York magazine publisher, has been named the new president of the U.S. Chamber of Commerce. He will assume office May 4.

May Sell Out Canadian Plants

LONDON (CP)—The Hawker Siddeley group may sell out its Canadian aviation interests unless something can be done to bolster business, a group spokesman has indicated.

It would be a last resort.

Sir Roy Dobson, managing director of the group, and Sir Aubrey Burke, who became his deputy when de Havilland merged with Hawker Siddeley, will go to Toronto next month in an effort to get their Canadian plants launched on a large-scale project. The spokesman said that "everything will be done" to keep them going.

Newsprint Output

MONTREAL (CP) — Canadian newsprint production last month was 533,506 tons, a 14.5 per cent increase on February, 1959, the Newsprint Association of Canada has announced.

Total Canadian shipments were 494,306 tons compared with 416,806. Most shipments — 395,828 — went to the United States.

MARKET SUMMARIES

Oils Fall Back Again

Toronto's western oils reversed their boom of Friday and led a losing trend today amid light stock market trading. Industrials and golds followed oils, but base metals were slightly higher.

It was quiet on Wall Street with most steels and motors falling in among irregular stock movements.

AT TORONTO despite the drop in industrials, Canadian Wallpaper B gained 2¾ at 31, followed by Huron and Erie, ahead two points at 52.

B.C. Power dropped ⅝ at 31⅞, while Gatineau Power was off ½.

Among mines, Dome was up ¾ at 20½. Cassiar and Hollinger each added ¼. Noranda was off ⅝. In senior uraniums, Algom jumped ⅝ at 12¼, while Consolidated Denison slid ⅛.

Home Oil A dropped ⅝ at 10⅝ and Home Oil B was off 70 cents at $9.55. Bailey Selburn dipped 35 cents.

AT NEW YORK Jones and Laughlin dropped more than a point. Off about a point were U.S. Steel and Ford.

Fractional losses were taken by Republic Steel, General Motors, American Motors and Studebaker-Packard, the latter recovering slightly after falling ⅞ to 13¾ on a block of 10,000 shares.

Woolworth and Eastman Kodak advanced more than a point each. Coppers softened with Anaconda, Kennecott and Phelps Dodge taking fractional losses.

AT MONTREAL prices were mixed to lower in light turnover early this afternoon.

Abitibi at 36¼, Howard Smith at 43¼ and St. Lawrence at 15½ all lost ¼ in papers.

Interprovincial dropped 1 at 56 in Pipelines and Trans-Canada fell ½ at 23.

BA Oil slipped ½ at 30¾ and Texaco lost 1¼ at 51.

AT VANCOUVER trading was very quiet with slight change in prices.

Highland Belle traded 1,400 at $1.50. Indian Mines moved 4,500 at 8c. Cowichan Copper sold 1,000 at 48. Pacific Nickel traded 1,700 at 64. Quatsino moved 1,000 at 16.

AT LONDON markets were restrained today despite a certain amount of selective buying for industrial equities.

Engineering issues provided a number of firm spots but steels were dull. Electricals were mainly better.

Gilt-edged securities were quiet and the absence of support tended lower.

Dollar stocks reflected the irregularity of Wall Street Friday.

TODAY'S GRAIN

WINNIPEG (CP)—Expanded operations in flax featured trade today on the Winnipeg grain exchange.

Overseas interests and international accounts were good buyers. Offerings were fair, and well absorbed and prices advanced.

Oats and barley were quiet with most of the demand by domestic shippers. Some shipping demand appeared for barley and prices were steady.

Rye trade was mostly of a commission house nature. Prices were fairly steady.

CHRYSLER SELLS FIAT

WINDSOR, Ont. (CP)—The Italian-built line of Fiat automobiles will be marketed by Chrysler Corporation of Canada, Limited, under terms of a distribution agreement announced here today.

Present Fiat dealers will continue to market the automobile. Chrysler already has distribution rights for the French-built Simca vehicles.

LaFarge Buys B.C. Building Material Firm

VANCOUVER (CP)—French-owned LaFarge Cement of North America Ltd. has bought outright the British Columbia building materials firm of Deeks-McBride Ltd.

Announcement of the sale was made Saturday by T. P. N. Jaffray, a director of Dominion Securities Corp., which put the transaction together for LaFarge. No figures were released, but the sale price was reported to be about $2,000,000.

Deeks-McBride marine equipment includes one tug, one self-unloading cement barge and 10 other scows. It also owns a clay products plant at Sidney, B.C., and distributes various building materials.

Lieutenant-Governor Frank Ross of B.C. is president of LaFarge of North America.

FIRST DAY OF SPRING A DAN-DAN-DANDY

The Calendar Called and Nature Answered

The irresistable siren song of nature lured thousands of Victorians to the outdoors Sunday for the year's first heady whiff of spring.

The day was a happy combination of the first spring day and first day of spring—which can be entirely different.

It was coolish in the morning, but by noon the sun was blazing and the temperature was heading toward the 60-mark.

Weatherman William Mackie said that although the observatory temperature did not exceed 55 degrees, the official downtown thermometer climbed to 58, and the Tillicum area basked in 59 degrees.

Everything but the basement was crowded Sunday.

The gardeners burst forth with great cleanups.

Paint flew at the boathouses and the long-headed types who finished their yearly boat maintenance chores well ahead of time had the joy of swanking about in the sea lanes to the envy of others.

Turkey Head Breakwater was a hive of sightseers. Some came by boat, some had walked around the waterfront, and many joined the steady stream of cars that filled Beach Drive all afternoon.

Beacon Hill Park was a-swarm with couples strolling amidst the early flowers and swallows in the air, searching out their nesting places.

Golfers in many cases extended the usual 18 to 36, just because conditions were too good to ignore.

Cloud which occurred this morning, and which has been threatening for the past three days, will continue overnight and into Tuesday, according to Mr. Mackie.

There is a chance of a sprinkle of rain Tuesday morning, but the day mainly will be a mixture of cloud and sunny periods. Temperatures will range between 38 and 50 degrees, and winds will be southwesterly at from 15 to 20 miles.

Early-morning motorists noted thick fog in certain areas today on their way to work, but it did not last.

Only Trans-Canada Air Lines had trouble, and only with Seattle, where the airport was "socked in" for several hours.

If You Were She You'd Be 93

Peace, perfect peace, shines through the eyes of Miss Goldstream as she nuzzles the wife of her owner, Mrs. Flo. Michell on the "Bud" Michell place, Telegraph Bay Road, Saanichton. The love affair between the Michells and Miss Goldstream goes back to the early 30s when they bought her for five tons of hay, later sold her to be trained as a racemare by Jeff Kilgour, and then bought her back when she was six years old to raise a family and retire her to lush meadows and a life of ease. This picture was taken Sunday, her 31st birthday equivalent to her 93rd anniversary as a human being. Born at Goldstream, she won $11,000 on the race track and has thrown such foals as Gold Pebble, Gold Skies, and Gold Drive all good winners on B.C. tracks and Mitch Stream who scored in California. Life for an old racehorse is good if you happen to have won a few races and are owned by people like "Bud" and "Flo" Michell. — (Times Photo by Bill Halkett.)

TOPICS OF THE DAY

A Victoria construction worker was brought by ambulance over Greater Victoria Water District roads to hospital at noon today after being hurt in an accident with heavy machinery at about 11.30 a.m.

Edmund Stevens, 2646 Prior, was believed not seriously hurt.

He received head and hip injuries when a bolt on his ditch-digging equipment apparently snapped, allowing part of the machine to swing against him.

Stevens was employed at the Sooke Lake end of a new tunnel that will connect the lake with Japan Gulch reservoir.

Information officer of the English Speaking Union in New York, Hartley Howe, will address ESU members in the Douglas Cafeteria Wednesday at 8 p.m.

Saturday he addressed the western area conference at Seattle's Ranier Club which was attended by Lieutenant-Governor Frank Ross, Dr. Harry Hickman, president of Victoria University and Mrs. Hickman, and J. J. Timmis, Victoria branch delegates.

Burglars Busy Over Weekend; Rewards Poor

Service Stations Just Waste Effart

A house prowler got $14 cash but thieves at three other places drew blanks in weekend burglaries reported to city and Oak Bay police.

Nothing was taken by the burglar who broke a pane of glass in a large overhead door at Hillside Home Service, 1301 Hillside, after failing in a try to force a side door overnight Saturday.

It was the second service station break-in of the weekend, Stuart's Service, at Douglas and Frances having been ransacked Friday night.

At the Hillside station, the burglar used a shop screwdriver to force open a cash register that he first carried to the rear of the station.

Finding it empty, he knocked the register about to damage it.

At Jameson Motors, 740 Broughton, garage premises were entered Sunday night by taking moulding off a rear door, allowing access to an office which was ransacked.

NOTHING TAKEN

An attempt was made to remove a radio from a car in the garage, but apparently nothing was taken.

An apartment resident at 1140 Pandora reported to city police that someone had been in her suite and ransacked a dresser before apparently being frightened off by her return at 9.45 p.m. Sunday. There was nothing missing.

Police said the prowler went through an open window on the west side of the building, escaping the same way.

Oak Bay police said a prowler forced a rear door at the home of Miss Blanche Nelson, 330 Beach, and took $14 from a purse sometime before 8.35 p.m. Sunday.

Horseman's Funeral Set For Tuesday

Noted Victoria horseman and retired British artilleryman, Maj. Arthur Grosvenor Piddington, 81, died suddenly Saturday at his home, 1100 Burnside West.

Funeral services will be held Tuesday at 1 p.m. at St. Columba's Church, Burnside Road, arrangement by Hayward's.

The ex-soldier retired to Victoria in 1925 and leaves a large family of survivors including the widow, Helen, at home.

He was born in Beauport, Quebec, and served in the Royal Horse Artillery during the First World War.

Maj. Piddington was the oldest B.C. graduate of Royal Military College, Kingston, until his death.

There are two sons, T. A. Piddington of Tacoma, and Rev. M. C. Piddington of Split Lake, Man.; five daughters, Mrs. E. Nixon, Victoria; Mrs. L. D. Cartwright, Mrs. G. Norris and Miss Helen Piddington, of Vancouver, and Mrs. N. W. Joyce of Cherry Point; four sisters and 10 grandchildren.

THOUSANDS SWARM WATERFRONT

What Did They See? . . . The Coral Sea

Thousands of Victorians spent their lunch hour along the Dallas Road waterfront today to see one of the world's biggest warships drop her pilot at Brotchie Ledge and steam out to sea.

The 63,000-ton USS Coral Sea came within a mile of the shoreline at 12.30 p.m. on her way back from a successful goodwill visit to Vancouver.

TRAFFIC JAMS

Thousands of cars lined parking spaces along Dallas Road, creating traffic jams at various points.

Large knots of Victorians crowded vantage spots from Clover Point to Ogden Point for a view of the blue-painted giant of the seas.

They trained large and small telescopes, binoculars and naked eyes on the slow-moving carrier.

The unexpected return of Coral Sea made up for the disappointment of many Victorians who missed her in the fog when she picked up her pilot Friday. She was not expected to come so close to Victoria on her outward journey.

EASILY SEEN

Individual sailors were visible on her vast flight deck as she stood off from shore.

Coral Sea left Vancouver this morning with her crew jubilant over the welcome they received during the weekend visit.

"It was magnificent," said Lieut. G. O. Bernard, assistant air intelligence officer for the huge ship. "I'll vouch that if you were to poll the crew, they'd agree with that 100 per cent. We have never run across people so friendly."

The visit brought Vancouver a downtown traffic tie-up as nearly 15,000 persons went aboard the Coral Sea during a Sunday afternoon open house. Another 20,000 were turned away when an aircraft elevator being used to transport visitors from the hangar deck to the flight deck broke down, forcing limitation of the number of visitors.

AMERICAN photographer Robert Cohen will discuss his documentary film of life in Red China, first uncensored film brought to North America, when it is screened April 1 at Central Junior High School as an introduction to a new series of film-lectures planned by Greater Victoria School Board's night school division. Admission will be $1 per adult.

MYSTERY WRECK

Coin Tagged As English, Circa 1859

A coin fund in the Sydney Inlet mystery wreck examined recently by the Royal Canadian Navy has been identified fairly positively as an English penny of a type last minted in 1859.

The coin was found by AB Ivan Sherlock of the RCN diving team, and now is considered the best available clue to the identity of the wreckage in the wooden hull, located by an American skin diver south of Estevan Point on the Vancouver Island west coast.

MAINLY COPPER

The coin was turned over first to the Pacific Naval Laboratory, which determined its size at 1⅛ inches in diameter, and its composition mainly copper.

"We couldn't even be sure it was a coin," a navy spokesman said today.

If then was examined by the Victoria Numismatic Society, which carried identification to the value and approximate year.

BEST FACILITIES

Lt.-Cmdr. E. W. Cassels, curator of the B.C. Maritime Museum, who accompanied the diving team to the wreck aboard HMCS Miramichi, will send it to the Smithsonian Institution in Washington, D.C., Tuesday.

The institution, which will be told all circumstances of its discovery, has the best facilities on the continent for examination of rusted, corroded relics.

It was found under a mast of the ship, and was believed placed there for good luck when the ship was built.

Indian Festival Set May 22-23

Indian chiefs at a meeting held on the Songhees Indian Reserve over the weekend decided to hold their annual Vancouver Island Indian Festival on May 22 and 23.

Chief John Albany of the Craigflower Reserve said an effort will be made to have more B.C. tribes participate in this year's festival.

The May festival, he said, would be similar to last year's and will include war canoe races, sports and native dances.

21-Year-Old Sent To Jail One Year

James O. White, 21, of no fixed address, was sentenced in city police court today to one year in jail for being in possession of narcotics.

Magistrate William Ostler noted it was his first conviction for drug possession, but that he had "a history of breaking and entering, and I must take it into consideration."

White was found to have had capsules of heroin in a hotel room March 8.

TUESDAY MEETINGS

Victoria Electric Club: Noon, Net Loft Restaurant. Annual election of officers.

Victoria Kiwanis: Noon, Empress Hotel. Jack Hann of Canadian Pacific Air Lines will show a film on Japan.

Victoria North Kiwanis: 6.15 p.m., Monterey Restaurant. Ambrose Prechti, Victoria University student and new arrival in Canada will speak on "My Country and Yours."

PRANK BLAST SPARKS HIGH WATER SPOUT

A loud blast and 200-foot water spout that startled Cadboro Bay residents Sunday afternoon is believed to have been a prank dynamite blast.

Oak Bay police said they were told of an explosion on the water at about the entrance to the bay at 3 p.m.

Boat owners immediately put out for the area and reported finding only part of wooden plank and "pieces of kindling" floating around the spot where one man said he saw the water geyser.

There was no evidence that a boat had blown up and police said it appeared someone had pushed out a plank with a stick of dynamite fused to go off when the board was a distance from shore.

CITY FINANCE COMMITTEE

Plastic Piping Urged for Arena

City finance committee today recommended approval in principle of a Memorial Arena Commission plan to replace ice surface freezing pipes with plastic lines this year.

Committee was told the project would cost about $50,000 and could be financed out of commission reserves and this year's profits. The existing pipes, imbedded in the floor, are leaking.

The plastic pipes would be placed over the concrete floor, requiring raising of the hockey rink boards.

Committee tabled a proposal for multiple polling stations this year pending a report from city clerk Frank Hunter.

The provincial government raised the ire of Mayor Percy Scurrah and Ald. Arthur Dowell again when committee was informed an amendment to the Municipal Act will cost the city at least $8,263 in taxes.

That was the amount paid last year by non-profit housing developments for senior citizens, now ruled exempt from provincial taxation.

Mayor Scurrah and Ald. Dowell, who fiercely opposed the proposal, reiterated that it will increase the burden on other taxpayers, including senior citizens on fixed incomes who own their homes. They added that the government should have extended the $50 home owners' grant for each unit in a non-profit development instead of exempting them from civic tax.

A purchase offer for a Chambers Street duplex, last of the seven houses moved off the new firehall site and renovated for sale, was received from Mrs. D. E. Rowland. City manager C. C. Wyatt was authorized to negotiate for a faster repayment plan than the 22-year term included in her offer of $11,000 with $1,000 down.

ANTIQUE TEAPOT used by United Empire Loyalists was shown by Miss Tea to Mayor Percy Scurrah today. Joan McDonald, 26-year-old Montreal model was dressed up in mid-17th century Sapphire blue costume for visit to City Hall as part of a nation-wide tour for the Tea Council of Canada.

Ottawa Ousts Lecturer

TORONTO (UPI)—The Telegram said today a 33-year-old blonde lecturer at the University of British Columbia is being deported from Canada as a Communist spy.

The newspaper said it had learned the woman, of Russian parentage, has previously been deported from Nationalist China, Japan and Brazil because of her espionage activities.

However, it said the immigration department would confirm only that she has been ordered deported because she doesn't meet Canadian qualifications for permanent residence.

In Ottawa, an immigration department spokesman said the woman involved was Miss Irene Rebrin. He said, however, that it was strict department policy not to reveal the reasons for deportation actions.

BY APRIL 15

According to the newspaper, she has been given the option of "voluntary" departure and the department has set April 15 as the date when she must be out of the country.

Before moving to UBC where she teaches Russian in the department of Slavonic studies, she was employed in the library and taught Russian at the University of Toronto.

The woman was said to have been under RCMP surveillance almost from the time she entered Canada as a landed immigrant in 1958, the Telegram said.

It quoted reports as saying her parents were Russian traders on the Chinese mainland and she was schooled in Communism from early girlhood.

Destroy A-Stockpiles First, Russians Urge

(Times News Services)

GENEVA — Russia refused today to outlaw outer space for military weapons unless the western powers eliminate their whole nuclear stockpile at the same time.

A Russian delegate to the 10-nation disarmament conference here also rejected a Western proposal for an immediate freeze on American and Soviet armed forces.

"It is a step backward, not a step forward," Soviet spokesman Alexie Roschin told a news conference.

The Soviet stand was disclosed after the West earlier had called on Russia to join it in banning nuclear rockets and scrapping existing nuclear warheads.

The United States will not pull its troops out of Europe until that and other vital stages in any east-west disarmament agreement are completed, with the West also stating that an international force will be needed to keep the peace even after both sides have cut their forces to police levels.

'Only Part of Whole Nuclear Problem'

In rejecting the Western proposal that outer space be declared off limits for weapons of destruction before any are built and shot beyond the earth's atmosphere, Roschin declared that "space is only part of the whole nuclear problem."

Roschin then repeated a Soviet offer made to the disarmament conferees this morning to begin disarmament with a full prohibition of nuclear weapons and the destruction of those now in existence.

Western delegation spokesmen said they did not consider the Soviet proposition to be significant because it still ignored the world arms audit the Western powers say must precede and the controls that must accompany any significant reductions of arsenals.

Four-Year Moratorium Proposed

GENEVA (Reuters)—Russia today proposed that East and West should voluntarily suspend small nuclear tests for a period of "from four to five years" while a foolproof method of detecting them is worked out.

Sources at the conference on banning nuclear tests said Soviet delegate Semyon Tsarapkin suggested the four-to-five-year "moratorium" on small tests to the United States and Britain.

The three delegations met to discuss Russia's acceptance Saturday of a phased ban on nuclear tests.

The Soviet proposal called for an immediate treaty outlawing all readily detectable tests.

'Not Worthwhile' Asking B.C. To Admit Tubercular Refugees

BY TOM GOULD

OTTAWA — British Columbia and Alberta have been ignored in the second phase of the program to bring tubercular refugees and their families to Canada.

The program was initiated as Canada's main contribution to world refugee year—an attempt to clear out the refugee camps in Europe that were established at the end of the Second World War.

B.C. and Alberta were invited to take part in the initial program, under which 100 tubercular refugees were brought to Canada.

B.C. did not answer the federal government's invitation for weeks. When newspapers reported his failure to reply, Premier Bennett said the number was too small and dashed off a letter calling for a federal-provincial conference on the question of refugees.

Alberta Premier Manning replied: but said his province was not prepared to contribute to the cost of the refugee program.

In view of the two western province's refusal to take part in the initial program, the federal government, it was learned today, did not bother to contact them when it was decided to extend the program.

A federal spokesman said "it is noteworthy that the two provinces with Social Credit governments declined to participate. We decided it wasn't worthwhile contacting them when it was decided to extend the program."

50 Killed as Police Mow Down Negroes

Mob of 12,000 In South Africa

JOHANNESBURG, South Africa (CP) — At least 50 persons were killed and 150 injured today as police battled thousands of Negroes in riots touched off by a Negro campaign against being required to carry identity cards.

A police official estimating the casualties in the day-long fighting said the figures of 50 dead and 150 injured were "the nearest they can make it at present."

An estimated 12,000 Negroes besieged a police station.

Officers inside opened fire with rifles and machine-guns. Eye-witnesses said the front ranks of the crowd went down like tenpins.

Brig. C. J. Els of the Witwatersrand police gave a casualty figure of 30 dead and 100 wounded and said that was a conservative estimate.

One police officer described the scene: "A world war battlefield—bodies lay mangled and sprawled all around." A Johannesburg photographer commented: "I took pictures of more bloodshed than I have ever before seen in South Africa."

Prime Minister Hendrik Verwoerd told Parliament that 25 were killed and 50 were wounded at Sharpeville, 36 miles south of Johannesburg.

The barrage drove back the crowd, leaving dead and wounded in the streets. Police called in armored cars and jet fighter planes to break up the demonstration.

It was part of a national campaign billed as non-violent and aimed at abolition of the passes that all non-whites in South Africa must carry.

Opened Fire When Stones Flew

But violence erupted at Sharpeville, a native quarter near Vereeniging, which is 30 miles south of Johannesburg.

Two hours after the shooting, ambulances still were running back and forth to hospitals in Vereeniging. Hospital officials refused to disclose casualty information.

About 25 police were besieged inside the police station by the Negroes. When the Negroes began to stone the station, the police opened fire.

The rioting was part of the start of a Negro passive resistance campaign to tie up the country's commerce and industry.

Demonstrators in Johannesburg, Capetown and other cities marched to police stations without their passes and dared police to arrest them.

Drastic measures were taken in Vereeniging after tear gas failed to break up the crowd, enraged by the killing of one Negro leader and the wounding of at least four others. The mob had tossed stones and injured several policemen.

Then thousands of men and women, shouting the nationalist cry "Afrika," besieged Sharpeville police station. Sharpeville is a native location where thousands of Negroes live.

Jets Dive to Frighten Them Away

Jet aircraft screamed down in attempts to frighten away the Negroes. At nearby Bophelong, police made baton charges and used tear gas against demonstrators.

Police described the situation as tense and sent armored cars to patrol Negro townships.

The crowd had gathered at Sharpeville to be arrested for not carrying passes. It got out of hand and stoned an automobile carrying senior officials of the local African affairs department. Police were then called.

Mobs stoned police cars at Bophelong. Two Negroes were wounded when police opened fire. Several police were hurt.

The pass campaign, proclaimed by the Pan-African Congress, failed to slow business and transport.

Congress President Robert Mangaliso Sobukwe had called on all Negroes to leave their compulsory passes at home, invite arrest and thus clog courts and jails and stop business. The idea is to prove that local business and industry cannot operate without low-cost Negro labor.

Police Ignore Plea for Arrest

But Sobukwe himself was ignored by authorities when he marched into Orlando township police station outside Johannesburg with 30 supporters. The incident had its comic opera aspects. Sobukwe went from office to office at the police station pleading to be arrested.

The police chief made him wait outside for hours. Sobukwe said if they refused to arrest him today he would return Tuesday.

By law, all non-whites must carry passes when away from home as part of South Africa's strict racial segregation laws.

The Pan-Africanist congress is a militant offshoot of the African National Congress of South Africa. National congress leaders said the pass campaign was not properly organized and had little chance of success. They refused to support it.

SMUGGLERS?

Cuba Downs U.S. Plane

MATANZAS, Cuba (UPI) — Cuban revolutionary troops shot down a Florida-based plane near Matanzas today and captured its wounded pilot and his co-pilot, both Americans.

The pilot, who was shot in the leg, identified himself as Louis Howard, 33, an automobile salesman from Miami.

His co-pilot was identified as Bill Chigalli, about 35, also believed to be from Miami.

The co-pilot at first refused to make any statement to his captors, demanding: "First I want to talk to Fidel Castro."

He was taken to Havana for questioning.

Howard was interviewed at the military hospital near Matanzas where he underwent surgery for the removal of two automatic-rifle bullets from his foot. He emphatically denied accusations that he was trying to smuggle out anti-Castro Cubans.

He said he was returning to Miami from a fishing trip when his compass went off. He said he was flying along the northern coast of Cuba in an attempt to get his bearings when Cuban troops opened fire.

Four Cubans including a former police official and an army officer were captured near where the plane came down.

POISONED ARROWS IN NIGERIA

LAGOS (UPI) — Natives armed with bows and poisoned-tipped arrows clashed with police at the village of Obi, the Northern Nigerian government said today.

Unconfirmed reports from the area, which is some 400 miles northeast of here, said that eight persons were killed when riot police opened fire at mobs that formed in the wake of tax riots which began last week.

A press statement issued by the Northern Nigerian information service said a police squad was surrounded by a crowd of 500 men armed with bows and arrows.

The statement said the rioters refused to lay down their arms and disperse. And the police then were forced to open fire, "and a few casualties were inflicted on the rioters."

BUDGET ON MARCH 31; WILL IT BE BALANCED?

OTTAWA (UPI) — Finance Minister Fleming announced today he will bring down his 1960-61 budget Thursday night, March 31.

There has been considerable speculation that the 1960-61 budget will be a balanced one, the first of the Conservative government since it took office in 1957.

HOPES ARE NOT HIGH

Florida Governor LeRoy Collins inspects floods which have caused havoc across the southern state after big storm last week. Here he stops off at Orlando with Lt.-Col. Richard Lewis (pointing) National Guard battalion commander under whose unit is patrolling area. But forecast today was for a further rise in water. —(AP Wirephoto.)

PEAK TONIGHT

Floods Still Rise In Florida

TAMPA, Fla. (AP) — The Hillsborough River inched toward its highest crest today in a flood which brought hardship to thousands and caused millions of dollars in property damage.

Disaster officials expected the river to reach its peak of three feet above flood-stage by nightfall at a dam five miles north of Tampa. Homes have been flooded both above and below the dam for two days.

Water started receding in the fashionable Forest Hills section four miles west of the river after a twice patched-up levee withstood pressure from a swollen lake.

Sheriff Ed Blackburn estimated that more than 7,000 persons evacuated homes in the area from Thursday to early today.

$1,500 Worth Of Sheep Killed by Dogs

Sheep worth $1,500 have been killed by dogs in the last two months in the Metchosin district, rancher W. H. Long has charged.

He said he has shot five dogs this year. His own losses include a ram worth $100, while last year dogs killed sheep of his worth $1,000. He recovered $500 in compensation from the provincial government.

Colwood RCMP have warned that householders must licence their dogs and take greater care of them.

Killing of unlicenced dogs is permitted under the Sheep Protection Act, police said.

B.C. LEADS ALL IN ALCOHOLISM

NANAIMO (CP) — British Columbia leads all Canada in alcoholism, illegitimacy, narcotics addiction, and admission to mental hospitals, Dr. James S. Tyhurst, University of B.C. psychiatrist, told a public meeting here on the weekend.

"Why that is I do not know," he said.

"It may be because we are located at the end of steel and have a large mobile population. The mobile element piles up here since it can't move any farther west.

"Also it may be that we have more efficient case finding in this province," he added.

The psychiatrist said admissions to mental hospitals were up 160 per cent in the last 10 years. For every person in a mental hospital there are four or five others outside suffering from some form of mental disorder.

B.C. SCHOOLS do more for 85 per cent of students, than British schools, Dr. Gordon Shrum, UBC physicist, said at service club meeting in Nanaimo. However, Britain does "far better job" for top 15 per cent, he said, "and we should do that here."

PSP helps you laugh at the old "can't save" idea!

Wide smiles all around—even Rover's laughing it up! Dad just made the down payment on their first home. How did he do it? He saved for it with his BNS *Personal Security Program.*

Next project they'll save for with PSP is Junior's college education. After that, perhaps, a trip to Europe. Dad knows PSP is the *surest* way to save.

With PSP, you predetermine your savings goal, then reach it with 50 equal monthly payments. The program completed, you receive your total, *plus* a cash bonus. And as you save, the full amount of your goal is *life-insured.*
